RE: Renewal and Pricing Adjustment Jail and Personal Inmate Supplies 2019-188 Renewal No. 2

Ms. Ding,

Please accept this letter as indication of our desire to renew the contract for inmate supplies, as well as explanation of our intent to increase the pricing of the items on contract. Over the past year or so, overseas freight costs have nearly doubled, and we have also seen some significant increases in the cost of yarn. We have absorbed much of these increases to the best of our ability but are unable to offset the entire amount. Please see proposed new pricing on the attached page.

We truly appreciate the County's business, and again, we have made every attempt to absorb as much of the increases as possible for minimal impact to the County. Should you have any questions or need any clarification, do not hesitate to reach out. I am happy to provide any additional information you may need. You may reach me at the contact information below. Again, thank you very much for your continued business, we truly appreciate it!

Sincerely,

Lisa Fiore

Victory Supply
7025 Industrial Park Rd
Mount Pleasant, TN 38474

Dear Evan,

This is to confirm that Victory Supply has been given cost increases on product between 30-35% over the past 9 months. This is due to the increased price of raw materials, labor and transportation overseas. Cotton prices are at an 11-year high and continue to escalate. Labor rates have increased as well. We have also experienced cost increases in other raw materials such as dye.

Thank you.

Adam Fakhri
Vice President

HOLLYWOOD SOX & UNDERGARMENTS

TO WHOM IT MAY CONCERN

This is to certify /verify that Victory supply prices were increased in a range from 30% to 35% on all socks over the past 6 months. This is due to increase in yarn prices, labor cost and extreme increase in shipping cost due to lack of space, congestion charges at all US ports and lack of operating cargo vessels. Cotton is now at a 10-year high and it is getting higher each week. We are not certain when it will level out at this point. Please feel free to contact, if you have any questions or comments.

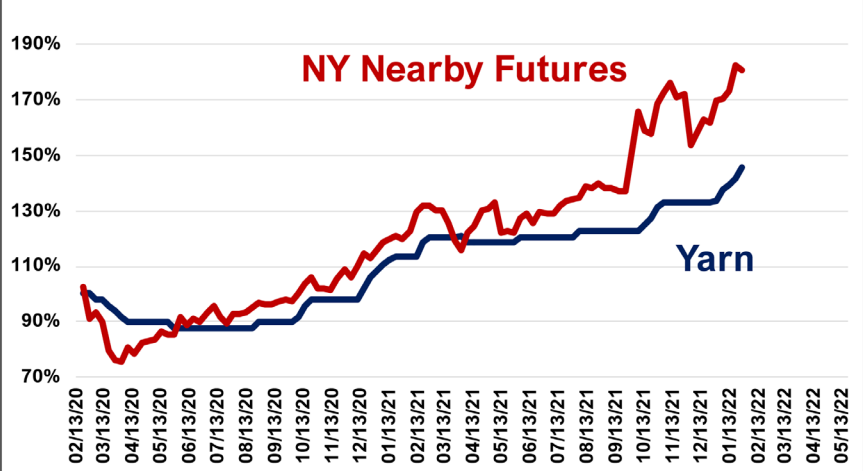

Sincerely,

For Hollywood sox & Undergarments

Shawn Shaheen

Pakistan Yarn Export Price Quotations –30s vs. NY Futures

Fine Cotton Textiles

17th February 2022

This is to confirm that we have raised prices over 25% with your firm. This is mostly due to higher fabric cost, particularly of the yarn and transportation cost. Petroleum products are at an all time high which has pushed polyester prices, transportation cost, chemicals, and dyes prices upward.

The prices started increasing right after the Covid lockdown was lifted and hasn't stopped rising since then.

This can be further verified on searching cotton commodity on NYSE where cotton is also at an all time high.

Please let me know if you have any questions.

Sincerely,

Abdullah Daniyal
Director Operations
