Re: Contract 2019-321 Land & Vitals Record Management System Assignment

Dear Mr. Alley:

Please let this letter provide the related background for the Assignment and Assumption of the referenced contract originally executed by Kofile Technologies, Inc. ("Kofile Technologies").

Historically, Kofile Technologies has provided both preservation and software services. As a result, Collin County's Land & Vitals Record Management System contract was with Kofile. As both our preservation and software services continue to grow, we have decided we can better serve our customers by having a dedicated company to focus on each line of business.

As a result, we created GovOS, Inc. ("GovOS") to serve our software customers while Kofile Technologies will continue to serve our preservation and imaging service business. GovOS and Kofile Technologies are corporate affiliates as they share common ownership. More importantly, I would also share the software development, technical, and support personnel also moved to GovOS so you can expect the same or better support and products from GovOS.

We appreciate your continued business. Please do not hesitate to reach out to me directly at the number below or Ms. Stacy Cortesano at 972-984-8508.

Kind regards,

Mike Strachan
