Shonda, I worked with Casey and they are not ordering a laptop for the courtroom upgrade. I can remove the mouse, keyboard, backpack and monitors. But I would definitely still order the dock and the USB hub. You will also have to order the Microsoft EA software license. I have changed the font below to red on items that we could remove from the order. Please send me the account code that will be used when you are ready to move forward with purchase.

Thanks, David.

David-

A few questions after talking to Judge today. We don't think we need all the extra's like a mouse, key board, extra monitor, etc. We are just really wanting a laptop with camera like we were using before?

Also I don't think that this is anything that would be included in the courtroom upgrades that are being discussed. I know Casey and John were putting together that list for budget. I just want to make sure that I am not buying something now that is going to be included and replaced with that upgrade.

David-

Judge is requesting to purchase a laptop computer with camera for the courtroom. See request below.

Date: May 2, 2022
To: Collin County Commissioner's Court
From: Jerry Shaffer, Justice of the Peace, Pct. 2
Re: Request to use technology fund to purchase equipment necessary equipment for Zoom hearings

In order to conduct a Zoom meeting when one litigant is present in court and the other side is appearing by Zoom a computer with camera and internet access is necessary in the courtroom that is accessible to the litigant who appears there.
