---

The Texas Department of Transportation has developed plans to make improvements to FM 455 at East Fork Trinity River Relief West. As is always TxDOT's policy, before they can start acquiring ROW, they are requiring Collin County provide 10% of the cost of the ROW and utility relocation. For this project that amounts to \$42,963.50.

**Recommended Action:** It is requested that the Commissioners Court

1. Approve the attached agreement with the Texas Department of Transportation,
2. Authorize the County Judge to execute the agreement,
3. Authorize a budget adjustment to transfer \$42,963.50 from project RI18016 to a new project set up by the Auditor, and;
4. Authorize payment of this amount when the agreement is fully executed and the funds have been transferred into the appropriate new account.
