Re: Formal Request for two additional County Courts at Law

---

Please accept this as a formal request from the County Court at Law Judges that the Collin County Commissioners Court approve and authorize the State Legislature to add two additional County Courts at Law.

The written documentation supporting this request will follow.

If approved the courts shall be County Court at Law 8 and County Court at Law 9.

Not only will Commissioners Court have the document but Judge Bender will also attend Commissioners Court to formally answer any questions that the County Judge or County Commissioners might have.
