Re: Paid-Overtime for Juvenile Detention Center Operations

MEMORANDUM

The Collin County juvenile detention facility is required to safely house, supervise, and rehabilitate juvenile offenders who have been lawfully detained for delinquent conduct under juvenile law. The facility must adhere to rigorous statutory requirements prescribed by Texas Administrative Codes 343, 344, and the Prison-Rape Elimination Act (PREA) which includes mandatory minimums for supervision ratios for referred youth. In order to meet statutory staffing minimums as prescribed by law, the juvenile probation department, acting through the Collin County Juvenile Board, has requested and been approved to extend paid-overtime for juvenile detention operations from 09/25/2022 – 12/18/2022 as outlined in the Collin County 2022 Overtime Schedule. Existing funding for open-positions in the departments established budget will be used to cover the expenditure pursuant to established protocol and practice.

Respectfully,

H. Lynn Hadnot, Director
Collin County Juvenile Services
