Re: Tyler Technologies Defendant Access Credit Card Payments

The Collin County Information Technology Department and JP Courts request approval for the Tyler Technologies Defendant Access credit card payment system. This system provides a seamless integration with Odyssey and an online portal for case parties to make case payments online.

Tyler Technologies receives revenue directly from the 5% transaction fees applied to each payment. Upgraded point-of-sale devices are provided and supported by Tyler at no additional cost. Therefore, there is no financial impact to the County budget.
