

# Collin County Information Technology Equipment Standards Justification

---

The following manufacturers/vendors are the standard suppliers of technology equipment within the county for specific technology areas. Items on the standards list must be new and not refurbished devices. While this list of standards will guide procurement, it does not necessarily preclude the IT department from soliciting bids based on generic specifications where the use of a specific manufacturer is not necessary or where a specific non-standard manufacturer is required for a specific line of business. This list is to serve as a guide subject to amendment, by future court order, as technology or market conditions dictate.

Technology Area: Audio Visual		
Manufacturer	Purpose	Resellers or Sole Source?
<a href="#">Samsung Electronics Co., Ltd</a> <del>Sharp Corporation (a Foxconn Group subsidiary)</del>	LED HDTV systems for video display. Selected as standard in county implementations for consistency and support needs <u>and for ease of integration with Crestron control systems.</u>	<a href="#">Resellers</a>
Crestron Electronics, Inc.	Audio/Video system products include HDBaseT and AV over IP technology infrastructures that include transmitters, receivers, encoders, decoders, controllers, matrix switchers, management software, touch panels, cabling, cabinet enclosures, etc. Selected as a standard due to market position, technical direction, and no-cost training towards certification for government customers.	<a href="#">Resellers</a>
Shure Incorporated	Professional audio manufacturer for Microphones and audio electronics, Wireless Microphone Systems, Earphones, Headphones, In-Ear Monitoring, etc. County Enterprise standard for quality consistency.	<a href="#">Resellers</a>
Harman International Industries, Inc. (a Samsung Electronics subsidiary)	A/V systems of loud speakers, mixers, controllers, software, etc. selected as standard for consistency. Subsidiary companies are comprised of: <ul style="list-style-type: none"> <li>• AKG Acoustics</li> <li>• BSS Audio</li> <li>• Crown International</li> <li>• dbx Professional Products</li> <li>• Harman Kardon</li> <li>• JBL (JBL Paragon)</li> <li>• Lexicon</li> <li>• Martin Professional</li> <li>• Soundcraft</li> <li>• Studer</li> <li>• Harman Connected Services</li> </ul>	<a href="#">Resellers</a>

~~FY2021 Standards List – Commissioner Court Agenda Item: Approved~~  
[FY2023 Standards List](#)

Biamp Systems Corporation	Audio server, amplifier, input card and output cards selected as a standard for consistency, support and programming reasons.	<u>Resellers</u>
Williams Sound, LLC	Assisted listening system selected as a standard for consistency, support and programming reasons.	<u>Resellers</u>
Axis Communications, Inc.	Security and surveillance cameras used throughout the county and integrated with existing surveillance and recording software provided by Milestone Systems A/S. Axis camera standard is necessary due to passage of the National Defense Authorization Act (NDAA) banning some physical security manufacturers.	<u>Resellers</u>
Watchguard Video	Enterprise solution for the County, standardizing In-car video equipment and body-cams under one vendor. Enterprise Solution requested in February 2018 (Court Order 2018-142-02-19).	<u>Resellers</u>
Technology Area: Backup Solution		
Manufacturer	Purpose	Resellers or Sole Source?
Dell Technologies Inc.	The Dell EMC Infrastructure Solution Group provides support for Avamar and Data Domain hardware and software used for data file and virtual server "tapeless" disk based backup processes. Subsidiary companies are comprised of: <ul style="list-style-type: none"> <li>• Dell</li> <li>• Dell Client Solutions Group</li> <li>• Dell EMC Infrastructure Solutions Group</li> <li>• Dell EMC Services</li> <li>• <del>RSA</del></li> <li>• <del>Virtustream</del></li> </ul>	<u>Resellers</u>
<del>NetApp, Inc.</del>	<del>Existing hardware and software solution used to ensure image files and image metadata copies are available for disaster recovery needs; continued use of NetApp based solutions is limited to current installations. (Systems will be deprecated upon data migration to Dell Isilon storage)</del>	
Technology Area: Storage		
Manufacturer	Purpose	
<del>NetApp, Inc.</del>	<del>NetApp provides the county's existing file and image storage solutions; continued use of NetApp based solutions is limited to</del>	

Formatted Table

Commented [MM1]: Have these been phased out and/or are we still supporting them?

Dell Technologies Inc.	The Dell EMC Infrastructure Solution Group provides support for storage solutions for Enterprise SQL Server, file and image storage, data backup, and data analytics; continued use of EMC based solutions selected for consistency of support operations. Subsidiary companies are comprised of: <ul style="list-style-type: none"> <li>• Dell</li> <li>• Dell Client Solutions Group</li> <li>• Dell EMC Infrastructure Solutions Group</li> <li>• Dell EMC Services</li> <li>• <a href="#">RSA</a></li> <li>• <a href="#">Virtustream</a></li> <li>• <a href="#">Pivotal</a></li> <li>• <a href="#">Secureworks</a></li> <li>• <a href="#">VMware</a></li> </ul>	<a href="#">Resellers</a>
Technology Area: Servers		
Manufacturer	Purpose	
IBM	IBM Power 720 AS/400 based solution providing a legacy systems	<a href="#">Resellers</a>
Cisco Systems, Inc.	Cisco UCS servers selected as the stand-alone server standard for telephony (VoIP) needs within the county based on leading market share position, support of Cisco switching within the server, familiarity of county technical staff with the platform and IBM's withdrawal from the Intel market; UCS selection applies to both rack mount and blade servers.	<a href="#">Resellers</a>
Dell Technologies, Inc.	The Dell EMC Infrastructure Solutions Group subsidiary provides stand alone, converged, and hyper-converged server systems used within the county; selected based on industry market share and consistency of support operations and industry leader with a continued technological advantage delivered through increased use of management capabilities. Subsidiary companies are comprised of: <ul style="list-style-type: none"> <li>• Dell</li> <li>• Dell Client Solutions Group</li> <li>• Dell EMC Infrastructure Solutions Group</li> <li>• Dell EMC Services</li> <li>• <a href="#">RSA</a></li> <li>• <a href="#">Virtustream</a></li> <li>• <a href="#">Pivotal</a></li> <li>• <a href="#">Secureworks</a></li> <li>• <a href="#">VMware</a></li> </ul>	<a href="#">Resellers</a>

<a href="#">Dell Technologies, Inc. VMware</a>	<p><del>The Dell VMware subsidiary provides</del> VMware server virtualization software used within the county to support nearly 400 virtual servers running on existing hardware; selected based on industry market share and consistency of support operations and industry leader with a continued technological advantage delivered through increased use of management capabilities. <del>Subsidiary companies are comprised of:</del></p> <ul style="list-style-type: none"> <li>• <del>Dell</del></li> <li>• <del>Dell Client Solutions Group</del></li> <li>• <del>Dell EMC Infrastructure Solutions Group</del></li> <li>• <del>Dell EMC Services</del></li> <li>• <del>RSA</del></li> <li>• <del>Virtustream</del></li> <li>• <del>Pivotal</del></li> <li>• <del>Secureworks</del></li> <li>• <del>VMware</del></li> </ul>	<a href="#">Resellers</a>
Microsoft Corporation	<p>Server class software enrolled in Microsoft Enterprise Agreement to provide upgrade and support privileges to the county. Development standards, based upon the MS technology stack, utilize:</p> <ul style="list-style-type: none"> <li>• Server Operating Systems</li> <li>• SQL Server</li> <li>• SharePoint</li> <li>• .NET</li> <li>• Exchange</li> <li>• Internet Information Server</li> </ul>	<a href="#">Resellers</a>
<b>Technology Area: End User Computing</b>		
<b>Manufacturer</b>	<b>Purpose</b>	
Dell Technologies Inc.	<p>PC manufacturer selected to be the desktop, laptop, monitor, ruggedized systems, and Windows tablet standard based on recent review and demo of system manufacturers and familiarity of technicians to support the devices. Subsidiary companies are comprised of:</p> <ul style="list-style-type: none"> <li>• Dell</li> <li>• Dell Client Solutions Group</li> <li>• Dell EMC Infrastructure Solutions Group</li> <li>• Dell EMC Services</li> <li>• <del>RSA</del></li> <li>• <del>Virtustream</del></li> </ul>	<a href="#">Resellers</a>
Microsoft Corporation	End user class software enrolled in Microsoft Enterprise Agreement to provide upgrade and support privileges to the county.	<a href="#">Resellers</a>

**Formatted:** Indent: Left: 0.07", Right: 0.12", Space Before: 0 pt, Line spacing: single, No bullets or numbering, Tab stops: Not at 0.57" + 0.57"

**Commented [MM2]:** So are these software/hardware no longer used by CC and we won't be responsible for their upkeep?

**Formatted Table**

BMI Systems Group	The CollectIT Inventory Bar Code Scanning system (and associated modules) provides a real-time hardware and software system to deliver inventory and asset data to Tyler Technologies Munis ERP System. BMI CollectIT is the asset management system included on the current Tyler Technologies Munis contract.	<a href="#">Resellers</a>
Adobe, Inc.	Adobe enterprise term license agreement providing enterprise licenses for Adobe Acrobat Pro software.	<a href="#">Resellers</a>
<b>Technology Area: Network</b>		
<b>Manufacturer</b>	<b>Purpose</b>	
Cisco Systems, Inc.	Existing network components selected as the standard for current and future server needs within the county based on leading market share position, familiarity of county technical staff with the platform; Existing county staff have various Cisco certifications.	<a href="#">Resellers</a>
Palo Alto Networks, Inc.	Next-generation Firewall (NGFW) that monitors incoming and outgoing network traffic and decides whether to allow or block specific traffic based on a defined set of security rules.	<a href="#">Resellers</a>
Panduit Corporation	Networking management, connections, patch panels, and cabling required to maintain the 25yr Panduit horizontal cabling certification and warranty within most existing, and all new, county	<a href="#">Resellers</a>
F5 Networks, Inc.	Load balancing services delivered via appliance based systems.	<a href="#">Resellers</a>
AT&T Corp	FirstNet is an independent authority within the U.S. Department of Commerce. Authorized by Congress in 2012, its mission is to develop, build and operate the nationwide, broadband network that equips first responders to save lives and protect U.S. communities. On September 19, 2017, Texas Governor Greg Abbott announced decision to partner with FirstNet and AT&T. FirstNet is provided under the AT&T DIR Contract for Wireless, data and voice plans.	<a href="#">Resellers</a>
CradlePoint, Inc.	Mobile routers used to connect a mobile data computer (MDC) housed in a first responder vehicle to the FirstNet system. CradlePoint is the State of Texas standard for connections to FirstNet and is on the State of Texas DIR contract.	<a href="#">Resellers</a>
Sierra Wireless, Inc.	Mobile routers, approved by Watchguard Video, deployed in Constable vehicles to support real-time upload of in-car and body worn video direct to Watchguard cloud storage environment.	<a href="#">Resellers</a>
Gigamon, Inc.	Packet broker appliance based solution to split and route network traffic	<a href="#">Resellers</a>

Technology Area: Fiber Cabling Infrastructure		
Installation Vendor	Purpose	
CAPCO Contractors, Inc.	Used for fiber cabling installation and support as required per ILA with Collin College. ILA states that County will contract directly with District's contracted vendor for any additional fiber needed to connect County facilities to the Fiber Optic Wide Area Network.	<a href="#">Sole Source</a> <a href="#">2015-842-11-16</a>
