

RE: Price Redetermination

This letter is intended to serve as support for price redetermination in Contract IFB 2019-303.

Due to the rising cost of equipment from our manufacturer's, as well as the rising cost of parts and labor associated with maintaining our rental fleet, we have had rate increases at the beginning of 2022. Included with this document are the updated book rates for each piece of equipment in our rental fleet. Collin County receives a discount from our book rate.
