

November 11, 2022

Dear Collin County - Our Valued Customer,

As you are aware, the United States is seeing prices skyrocket, as well as shortages of products throughout all industries. Unfortunately, SPG has not been immune to these detrimental effects.

Over the course of the last year, our wholesale costs have been on an upward spiral and our supply chains have been affected greatly. Our fuel expenses have increased by a minimum of 50%, our bottled sodas have been increased by 33% and other products have been increased upwards of 25%. This does not include the increased labor costs or other supplier price increases that are being passed along from our distributors and vendors monthly.

Unfortunately, we can no longer build in any more of these price increases to our current pricing structure, while still maintaining and providing the level of service that our customers expect and what we strive to provide. We detest having to increase our prices on our customers, but the significant increases we have received leave us no other feasible option.

We are also not increasing prices across the board, but rather on select items that have had exponential cost increases beyond what we are able to absorb.

Therefore, we are requesting a price change per the attached documentation.

Again, we regret necessitating an increase in our pricing and we appreciate your understanding in this matter. If you have any questions or objections, please do not hesitate to call the office at 817-608-0804

Thank you again for choosing SPG Vending Solutions as your vending and breakroom service provider.

Sincerely,

A handwritten signature in black ink, appearing to read "Sean", written in a cursive style.

Sean Glennon

May 15, 2022

Dear Valued Foodservice Customer,

Thank you for featuring PepsiCo brands in your food and beverage portfolio. As a leader of our industry, we remain committed to providing the highest-quality products, service, constant innovation, world-class marketing and consumer value.

While these investments are the key drivers of long-term profitable category growth, balanced and consistent marketplace pricing actions are a key enabler. To that end, we consider many different factors when evaluating pricing decisions—including macro trends such as current uncertain economic conditions, category dynamics, commodity prices which are intensified due to supply constraints, labor costs and strategic investments. No single factor determines pricing actions.

This letter is to inform you that PepsiCo Beverages North America will implement broad marketplace price actions in Foodservice customers to offset a portion of these additional pressures. Effective on or after July 1, 2022, PepsiCo will take upwards of 35% price increases on our portfolio. Your account representative may provide you with additional details within the next few weeks.

While we recognize that price increases can be challenging, these price moves will enable us to continue our investments in growing your business through world-class marketing, providing the highest-quality products, and exciting brand and packaging innovations. This balanced approach will drive overall category health and support a balance between volume, value and revenue growth.

As always, thank you in advance for your continued support.

Sincerely,

A handwritten signature in black ink, which appears to read "Anna Bathrick". The signature is written in a cursive, flowing style.

Anna Bathrick
Vice President, Central Division Foodservice

Friday February 4, 2022

Notification of Price Increase Effective April 8th, 2022

Dear partners,

Thank you for your continued support of Barcel USA and your understanding as we navigate through the ever changing landscape post COVID.

Due to many factors including raw material rising costs, international supply chain issues, and freight charge increases Barcel USA will be implementing a price increase. This price increase will range from 10% to 24% depending on the item. Effective April 8th, 2022, any order placed will be captured under the new pricing list provided to you.

We appreciate your partnership and support of our brands and look forward to many more years of selling Barcel products together. Should you have additional questions please reach out to your Barcel representative.

Thank you,

Amanda Harp
