Re: Tyler Payments Credit Card System for EnerGov Users

The Collin County Information Technology Department requests approval of a budget amendment for the purchase of three point of sale devices for the Energov project and approval of contract amendment No. 11. This solution will enable Development Services, Fire Marshal, and Public Works to take credit card payments when the EnerGov project goes live.

The cost for this initiative, including three point of sale devices and associated maintenance/support will be \$1,797 for the first year and \$540 for maintenance of the three devices annually thereafter. Request to move \$1,257 from TI03FIN-4405-060400011-809901 to TI03FIN-4405-060400011-809002.
