- 4.3.1 Transitional Period: Upon normal completion of this contract, not to include termination for default, and in the event that no new contract has been awarded by the original expiration date of the existing contract including any extension thereof, it shall be incumbent upon the Vendor to continue the contract under the same terms and conditions until a new contract can be completely operational. At no time shall this transition period extend more than ninety (90) days beyond the original expiration date of the existing contract and any extension thereof.
- 4.4 FUNDING: Funds for payment for Collin County expenditures have been provided through the Collin County budget approved by the Commissioners' Court for this fiscal year only. All other participating entities expenditures have been provided through their entity's governing body for this fiscal year only. State of Texas statutes prohibit any obligation of public funds beyond the fiscal year for which a budget has been approved. Therefore, anticipated orders or other obligations that arise past the end of the current fiscal year shall be subject to budget approval.
- 4.5 PRICE REDUCTION: If during the life of the contract, the vendor's net prices to its customers for the same product(s) and/or services shall be reduced below the contracted price, it is understood and agreed that Collin County shall receive such price reduction.
- 4.6 PRICE REDETERMINATION: bidder is to submit a bid that will be fixed for six (6) months. A price re-determination may be considered by Collin County only at each of the 6-month intervals of the contract. At each 6-month interval of the contract, the Contractor may request a price redetermination in their bid, dependent upon fluctuations in the Producer Price Index (PPI): Maintenance and Repair Construction, (SERIES ID NDUBMRP--BMRP--), as published by the U.S. Department of Labor, Bureau of Labor Statistics, Washington, D.C. 20212. Visit their website at [www.bls.gov](http://www.bls.gov). Other documented price adjustment at anniversary date, such as direct cost, labor, materials, and/or delivery costs may be considered at the County's discretion.

The Contractor has the sole responsibility to request, in letter form, an adjusted rate and shall provide a copy of the index and other supporting documentation necessary to support the redetermination with the request. This request and documentation must be received at the office of the Purchasing Agent no later than thirty (30) days from the start of the next 6-month interval. To ensure timely delivery, certified mail is recommended. If the request is submitted and received within the required time frame,

upon verification of documentation and approval by Purchasing, the adjustment will be submitted to Commissioners Court for approval. Contractor will be notified in writing upon approval.

Should a contractor fail to submit the request and supporting documentation to the proper location at least thirty (30) days ahead of the next 6-month interval, contractor shall be deemed to have waived its right to any redetermination in price.

4.6.1 The first 6-month interval date will be 6-months from the commencement date of award. The 'base' month for determining adjustments will be the third (3<sup>rd</sup>) month prior to the start of each 6-month interval. The base month is fixed and will not be adjusted interval to interval. The adjustments will be based on the difference in the base month for each applicable renewal period and will become effective on the first day of the new 6-month interval if approved by County.

4.7 DELIVERY/COMPLETION/RESPONSE TIME: Individual Purchase Orders (PO) will identify the associated time of performance. For each PO the Contractor shall, within five days after the Notice to Proceed for the PO, prepare and submit for approval to the County one copy of the schedule showing the order in which the Contractor proposes to perform the work, and the dates on which the Contractor contemplates starting and completing the salient features of the work (including ordering materials and equipment). The schedule shall be in the form of a progress chart of suitable scale to indicate appropriately the percentage of work scheduled for completion by any given date during the period. If the Contractor fails to submit a schedule within the time prescribed, the County may withhold approval of progress payments until the Contractor submits the required schedule.

The Contractor shall enter the actual progress on the chart as directed by the County's Representative, and upon doing so shall immediately deliver electronic copies of the annotated schedule to the County. If, in the opinion of the County, the Contractor falls behind the approved schedule, the Contractor shall take steps necessary to improve its progress, including those that may be required by the County's Representative, without additional cost to the County. In this circumstance, the County's Representative may require the Contractor to increase the number of shifts, overtime operations, days of work, and/or the amount of construction plant, and to submit for approval any supplementary schedule or schedules in chart form as the County's Representative deems necessary to demonstrate how the approved rate of progress will be regained.

Failure of the Contractor to comply with the requirements of the County's Representative under this clause shall be grounds for a determination by the County's Representative that the Contractor is not prosecuting the work with sufficient diligence to ensure completion within the time specified in the Delivery Order. Upon making this determination, the County's Representative may terminate the Contractor's right to proceed with the work, or any separable part of the work in the contract.

This project is proposed as a multi-year project with a base year and up to two one-year extensions. Multiple Purchase Orders may be issued throughout each performance year.

County anticipates every line item within a category will receive a bid in order to be considered for award of that category, but not every category needs to be bid on.
