RE: Amendment to Greenway Contract

Attached for approval is an amendment to Collin County's existing contract with Greenway, the vendor for the PrimeSuite electronic medical record system. This amendment will allow Collin County IT to build an application programming interface (API) to connect Collin County's PrimeSuite system and Jotform, a web-based HIPAA-compliant form building software. This integration will allow Collin County to digitize and automate manual processes currently used to schedule and complete client paperwork. Collin County IT, Collin County Health Care Services, Greenway, and Jotform have met and determined that this integration can be successfully executed.

Collin County's existing monthly contracted fee for Greenway services is \$2,233.83. This amendment will increase the monthly fee by \$439.58 to \$2,673.41 per month. There will additionally be a one-time \$750.00 fee. Jotform does not charge any fees for this integration. The one-time fee will be paid by the Public Health Workforce Grant. The monthly fee will be paid from the Health Care budget, which has sufficient funds to cover the expense during the current fiscal year.

I respectfully request that you approve this contract amendment to improve Collin County Health Care Services' ability to provide improved client services and increase efficiency.
