Selection Process

Application Screening: The Office of the Governor will screen all applications to ensure that they meet the requirements included in the funding announcement. Applications that meet those requirements will move forward to the merit review phase.

Peer/Merit Review: The Office of the Governor will convene a panel, to include the Specialty Courts Advisory Council (SCAC), to review and score applications in an effort to prioritize funding. The merit review panel will assess and score each application on a 100-point scale, and then report its findings to the Office of the Governor. For adult drug courts (including alcohol/DWI courts), adherence to the *Adult Drug Court Best Practice Standards* will be an important factor in decisions. PSO will generally not fund projects that serve primarily low-risk participants, as determined by a TRAS assessment.

Final Decisions: The Office of the Governor will consider rankings along with other factors and make all final funding decisions. Other factors may include cost effectiveness, overall funds availability, PSO or state government priorities and strategies, legislative directives, need, geographic distribution or other relevant factors.

The Office of the Governor may not fund all applications or may only award part of the amount requested. In the event that funding requests exceed available funds, the Office of the Governor may revise projects to address a more limited focus.
