Re: Bid Award for Computer Server and Storage Systems

At the request of the Purchasing Department, Information Technology is requesting Commissioner Court to authorize the award of computer server and storage to Unique Digital Technology, LLC as the lowest cost bid. The server and storage systems will provide computing capacity at the disaster recovery site and replace the end of life DMZ equipment. The request is funded through an FY23 budget item to fund the DMZ systems and the Disaster Recovery Site project. The cost of the project is \$716,651.85.
