### Proposal Notes:

- The Mitek Virtual License Key (E-Key) serves as a replacement of the Mitek Physical Dongle.
- \*\*\* Annual Maintenance will remain as it was with the Dongle.
- The Production E-Key will be activated for 365 days. As long as maintenance is current, it will be reactivated.
- The FREE Disaster Recovery E-Key will be activated once which can be used for up to 50k images only.

*I agree and approve to the base configuration as well as the terms and conditions as stated in this proposal.*
