**Re:** Foray Evidence Management System Data Growth

---

The District Attorney's office and Information Technology is requesting Commissioner Court to authorize \$75,000 to increase the storage utilized with the digital evidence management system and approve a budget amendment for the same. The funding will purchase additional primary digital data storage to allow the District Attorney to continue accepting evidence submissions from 90 local law enforcement agencies, ISD PD's and internal County departments which share that information during the discovery process.

The funding for the request will be taken from a carry-forward storage request, project code BDN06102-0001-060190009-809002 and account code 0001-06019-0009-41-40-0000-809002.
