Good afternoon.

Bill. Thank you for your time on the phone today. I just wanted to recap what we discussed to make sure I didn't misunderstand anything and to keep us all on the same page.

We will of course comply with the state statute allowing the Jail Commission to exempt fire sprinklers; however, I would me remised if I did not say it is not without some concern.

Here is a recap our current situation.

Medical/Mental Health – ground up expansion.

1. We have received the Action Letter Chief Jaquess forwarded from the Jail Commission date August 2022 .
2. CCSO is waiting on Commissioner Court approval.
3. Architectural plans will show sprinklers in an effort to move forward with the project, however this is just informational for the FD since sprinkler plans are a separate submittal and approval.
4. Fire Sprinkler plans will show exempt areas and will be submitted with the Commission submittal details and a copy of the Action letter for documentation purposes and facilitate review.

Adult Detention Facility – ground up expansion, and Existing Jail

1. Submittal packet including engineer review being prepared for submission to the Jail Commission.
2. Current construction project is proceeding forward, while waiting on Commission response.

I hope I got this correct. Please feel free to reach out if you have anything to add or change. Thank you.

Mr. Nester,

I left a message on your office phone also. I am calling about fire sprinkler heads and a Texas Jail Commission ruling that will allow Collin County to remove heads from inside inmate cells on one of our new projects. Please see the attached Commission ruling and Attorney General Opinion. Call me at 214-686-1593 if you have any questions. Our Jail Administrator and I are available to meet if needed.

Thank you,
Bill Burke
