We want to use Court Technology Fund to purchase this. I've included Ashley in case anything needs to be done with a line item for Commissioners Court.

We will need to purchase a WD19S docking station and it is \$148.99. Please let me know what account you want to use to purchase. I will purchase on my P-card on Amazon.

Thanks, David.

No worries! I'm pretty sure it's a Dell Latitude 7400 but let me verify.

Sorry, I was out of the office last week at a conference. What model of computer does Judge Raleeh have?

Good morning David.

Judge Raleeh's bench computer is horribly slow. I have worked with Forrest on it and it is still bad. He is asking to get a docking station on the bench so he can just bring his Dell laptop from his office into Court with him. I need to see what steps I need to take to get a quote for a docking station so we can get one put on his bench.

Thank you in advance for your help with this.
