To: Commissioners Court
From: Jon Kleinheksel 
Re: Reconstruct portion of County Road 653

Public Works would like to apprise Commissioners Court of construction and road closure to County Road 653. Martin Marrietta has recently constructed an asphalt plant on CR 653 as shown on the attached Exhibit A. The associated traffic is far heavier than CR 653 is able to currently support.

At the request of Public Works staff, Martin Marrietta has agreed to reconstruct CR 653 to a concrete section. To facilitate this effort, it will be necessary to close a portion of CR 653. The closure will be between Highway 380 and the railroad tracks as shown on the attached Exhibit B.

Public Works staff has reviewed the proposed improvements and is satisfied with the engineered solutions and traffic control plans. Furthermore, PW staff believe these improvements represent a tangible benefit to the community. As a result, Public Works supports the course of action. In the interim, Public Works crews will closely monitor the project in an effort to expeditiously address any pertinent traffic and safety issues that may emerge.

If you have any questions, please do not hesitate to contact me and I will respond accordingly.
