Re: Transfer of Tractor Unit # 55568 and Boom Mower Unit #55569

Myers Park is requesting that unit # 55568, a 2016 John Deere model 6130M tractor and unit # 55569, a 2016 Tiger Boom mower, model BB22 be transferred to Myers Park from Public Works. It is our understanding that these items are scheduled to be auctioned as they have been replaced.

These units go together and would be utilized by Myers Park staff to clear the bank edges of all four (4) ponds at the park, trim trees along the internal roads and fence lines, clean all creek banks within the park, mow around the asphalt parking lot and keep from throwing loose rocks, as well as keeping County Road 168 roadside ditches and culverts clear of over grown trees/weeds.

Currently, park staff requests assistance from Public Works with some of these tasks as often as 3-4 times per year. Having our own tractor with boom mower would allow both departments to operate more efficiently.

This tractor-mower combo will need the following replacement parts in order to go back into service for our department:

Front tires (2 each)	\$1,656.00
Rear tires (2 each)	\$3,200.00
Battery	\$ 155.79
<u>Mower blades, skids</u>	<u>\$ 350.00</u>
Total anticipated expense:	\$5,361.79

If approved by the Court, these expenditures could be funded out of Account # 0001-44001-0009-60-30-0000-637513, General County Heavy Equipment Maintenance.

Attached is Equipment Services' Evaluation report.

We will be available to answer any questions you might have regarding this matter.
