General Notes:

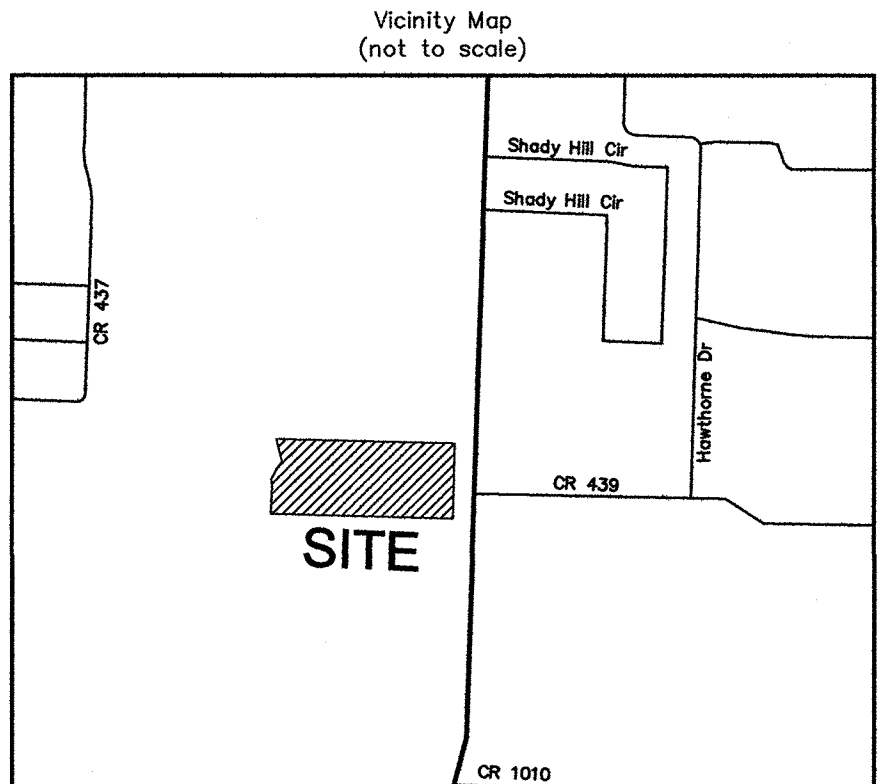

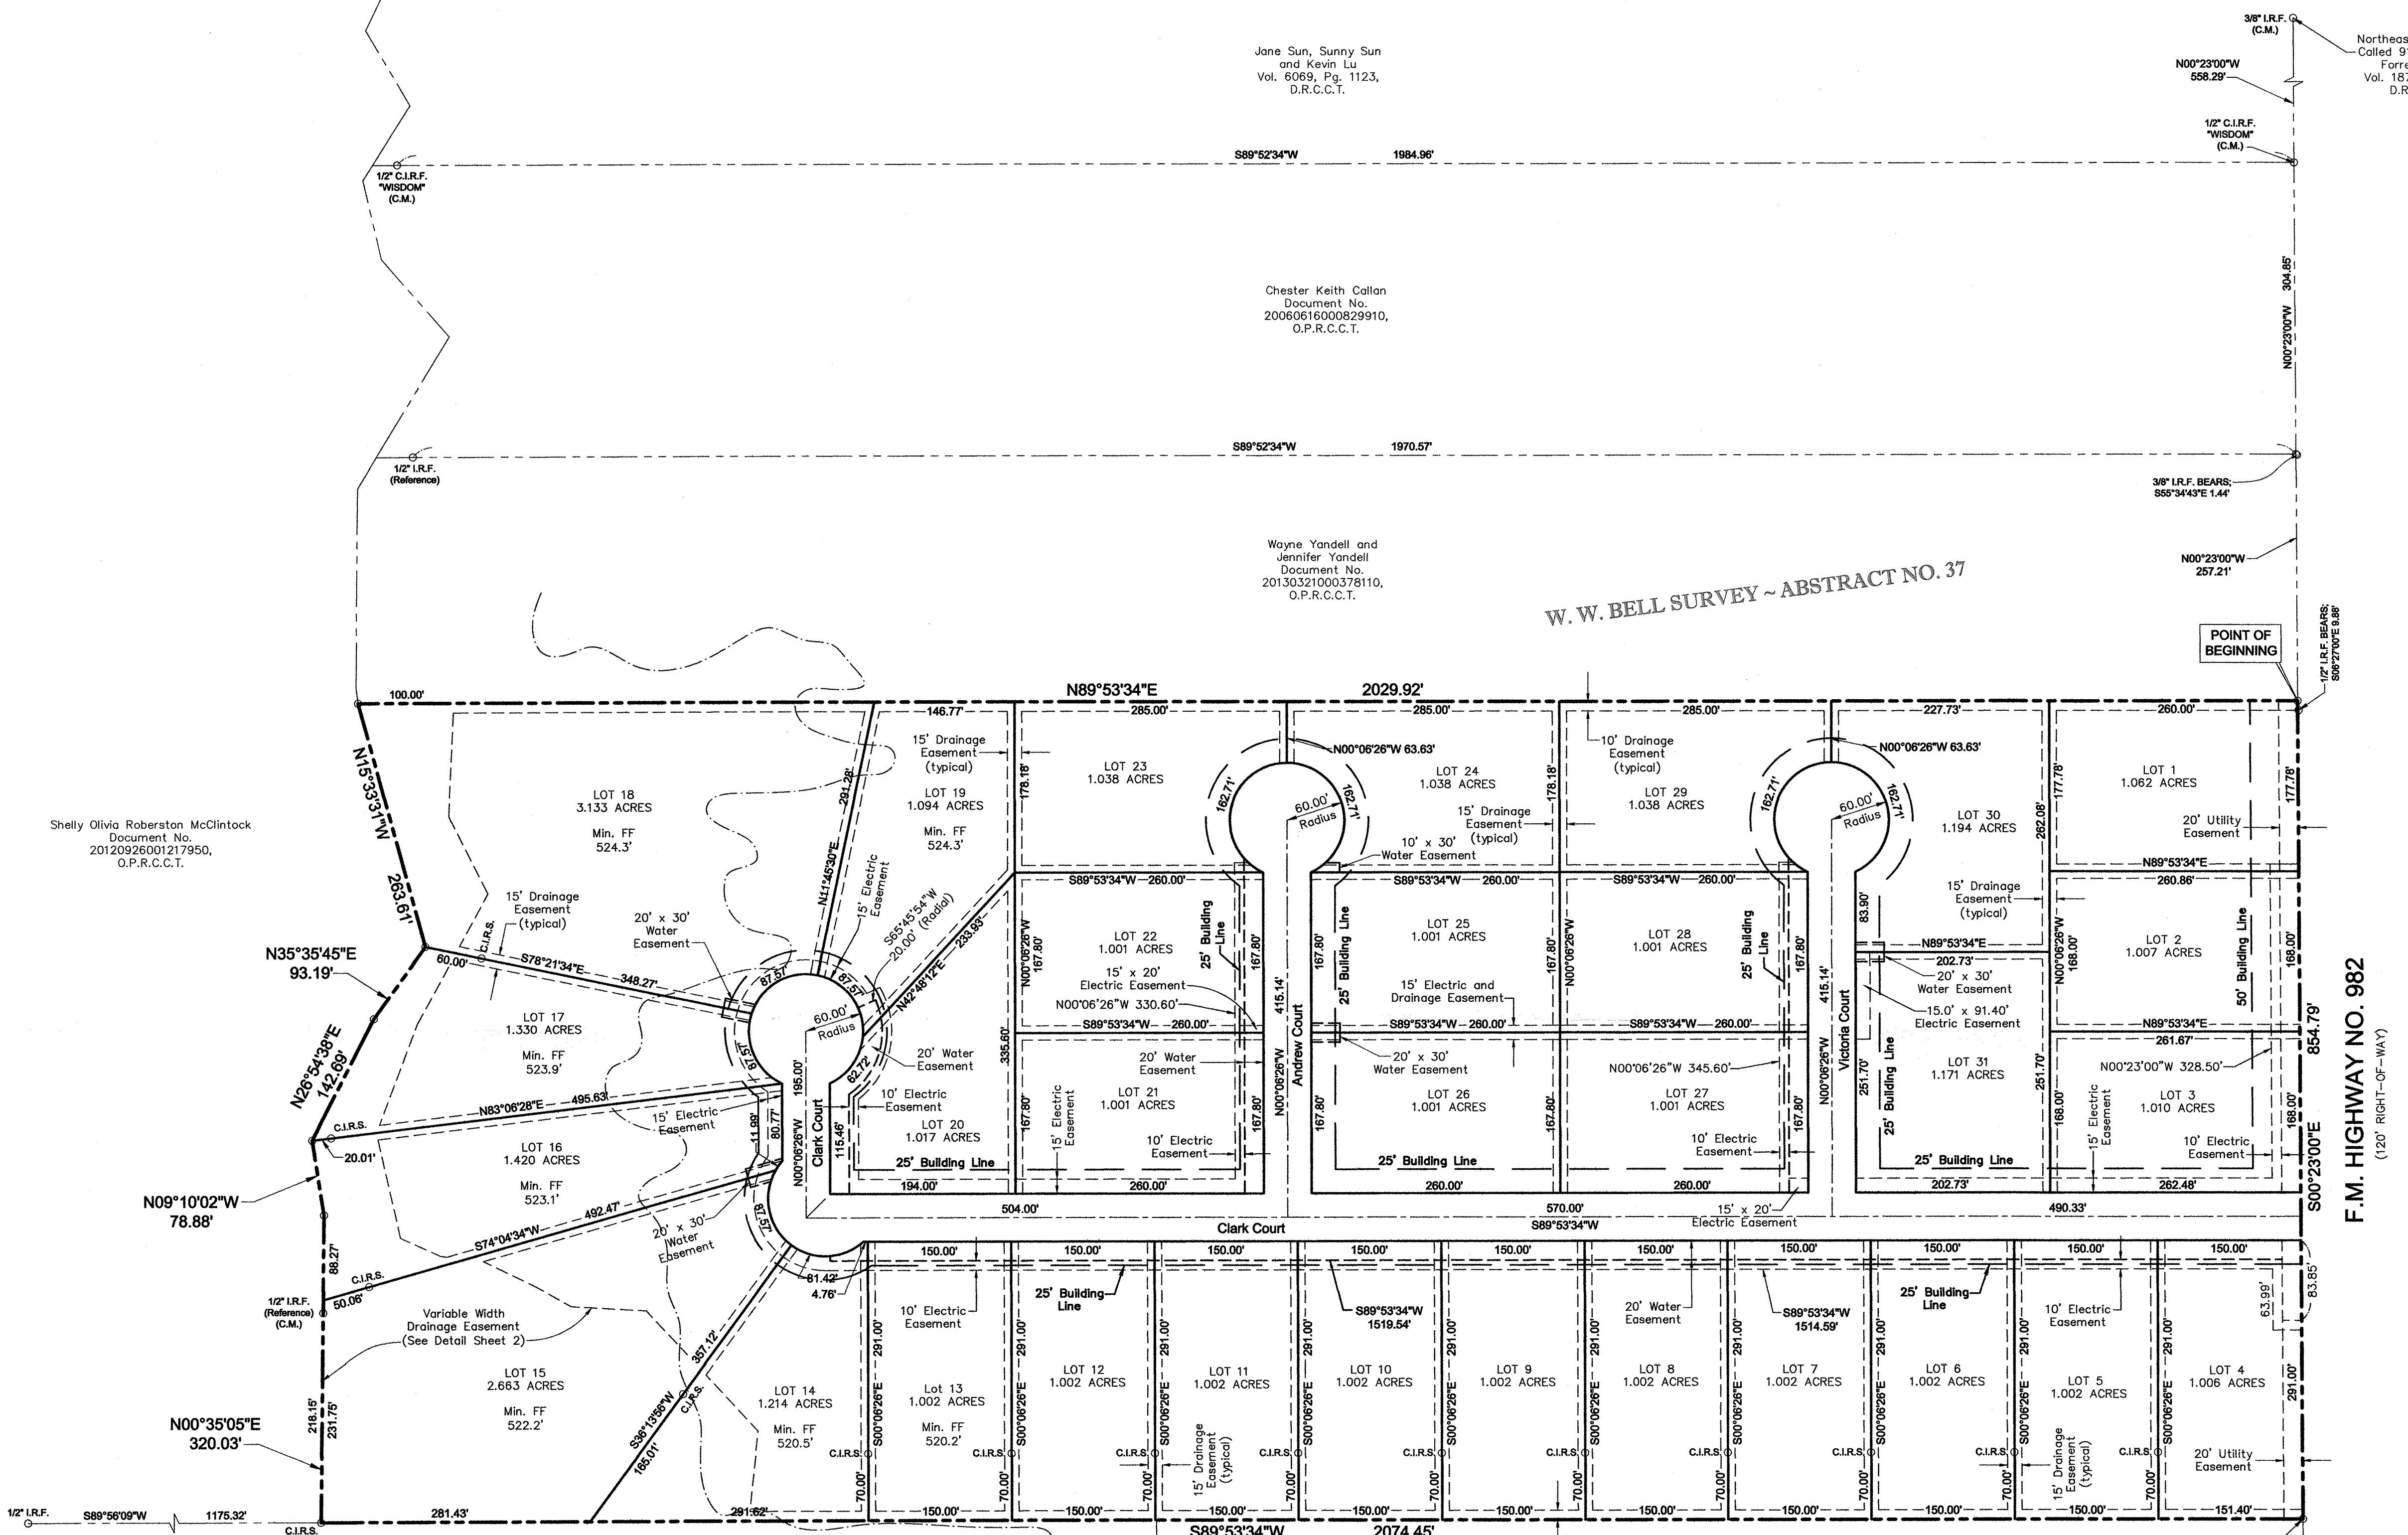

- Each lot purchaser shall provide private on-site sewage facilities for each lot owner's needs.
- Blocking the flow of water or construction improvements in drainage easements, and filling or obstruction of the roadway is prohibited.
- The existing creeks or drainage channels traversing along or across the addition will remain as open channels and will be maintained by individual owners of the lot or lots that are traversed by or adjacent to the drainage course along or across said lots.
- Collin County will not be responsible for the maintenance and operation of said drainage ways or for the control of erosion in said drainage ways.
- Collin County will not be responsible for any damage, personal injury or loss of life or property occasioned by flooding conditions.
- All lot corners are monumented with a 1/2" iron rod set with a yellow plastic cap stamped "RPLS 5686" unless otherwise noted.
- Collin County building permits are required for building construction, on site sewage facilities, and driveway culverts.
- There are no visible water wells noted in this subdivision and no water wells are allowed without prior approval from Collin County Development Services.
- Driveways shall meet Collin County culvert permit requirements. Driveways that do not meet driveway/culvert permit requirements shall be removed and corrected at the owners expense.
- Driveway/culvert permits are required at all existing county road tie-ins.
- All private driveway tie-ins to a county road must be even with the existing driving surface and flush with edge of existing county road.
- Mail boxes shall meet USPS specifications.
- The surveyor has relied on the herein described subject deed with regard to any easements, restrictions, or rights-of-way affecting the above described property. No additional research regarding said easements, restrictions or rights-of-way has been performed by the surveyor.
- According to the Flood Insurance Rate Map of Collin County, Texas, Map No. 48085C0410J, Map Revised June 02, 2009, the herein described property is located in Zone "X", described by said map to be, "areas determined to be outside the 0.2% annual chance floodplain" and also in Shaded Zone "A", described by said map to be, "Special Flood Hazard Areas (SFHA) subject to inundation by the 1% annual chance flood; no Base Flood Elevations determined".
- Unless the Finished Floor is noted on the plat, the finished floor elevations of all houses will be at least one foot above the highest elevation of the surrounding ground around the house after final grading.
- All lots must utilize alternative type on-site sewage facilities (OSSF).
- Must maintain state-mandated setback of all on-site sewage facility components from any/all easements and drainage areas, sharp breaks and/or creeks/ponds, etc. (per state regulations).
- Individual site evaluations and OSSF Design Plans (meeting all state and county requirements) must be submitted and approved by Collin County for each lot prior to construction of any ossf system.
- Tree removal and lot grading may be required on individual lots for on-site sewage facility installation and/or operation.
- A portion of Lots 14-19 are located within the 100-year flood plain:
 - Any OSSF that is located within the 100-year flood plain is subject to special planning requirements.
 - All electrical/mechanical appurtenances located within the 100-year flood plain must be elevated at least 2' above base flood elevation.
- A certificate of elevation establishing base flood elevation and proving that the finished floor will be at least 2' above base flood elevation must accompany any permit application for a structure that is proposed to be located within the curvilinear line of the 100-year flood plain.
- Due to the amount of flood plain on Lots 14-19, a pre-planning meeting with Development Services is recommended prior to any planning for the aforementioned lots.
- Due to the presence of a large drainage easement on Lot 15, a pre-construction meeting with Registered Sanitarian/Professional Engineer and Collin County Development Services is recommended prior to planning of an surface improvements, impervious cover, outbuildings, swimming pools, etc. on Lot 15.
