Collin County Facilities and Construction Standards Justification

The following manufacturers/vendors are the standard suppliers of Facilities and Construction within the county for specific areas. Items on the standards list must be new and not refurbished devices. While this list of standards will guide procurement, it does not necessarily preclude the Facilities or Construction departments from soliciting bids based on generic specifications where the use of a specific manufacturer is not necessary or where a specific non- standard manufacturer is required for a specific line of business. This list is to serve as a guide subject to amendment, by future court order, as city and/or state mandates for county buildings and new construction.

Preferred Manufactures

Life Safety		
Manufacturer	Purpose	
Edwards EST	Fire Alarm System in all buildings including Communication to Central Plant. Equipment is competitive	
Harding	Intercom System	
HVAC		
Manufacturer	Purpose	
Honeywell – Central Campus	Honeywell and Carrier Bacnet Standard protocol. To provide continuity of BAS systems in our Collin County buildings, Training, trouble shooting and management is easier/more efficient than multiple manufactures. Equipment is competitive	
Carrier Bock-Energy Management System	Programming only – Sole Source by Court Order No. 97-357-05-27	
Carrier ICP A/C Systems	RTU and Split systems only. Equipment is competitive	
Belimo Valves	Actuator controlled HVAC valves. Equipment is competitive	
Electrical		
Manufacturer	Purpose	
APC-Uninterruptible Power Systems	To provide continuity of one UPS system in our Collin County buildings, Training, trouble shooting and management is easier than multiple manufactures. Equipment is competitive	

GE or Square D Electrical Systems	To provide continuity of Electrical Systems in our Collin County buildings, Training, trouble shooting and management is easier than multiple manufactures. Equipment is competitive
Square D Electrical Monitoring	Preferred by Department
Schneider Electric Power Logic Monitoring	New buildings, PM8000 installed on incoming power as well as being able to monitor the ATSs status. Currently, meters connect to a PME server.

Detention Facilities		
Manufacturer	Purpose	
Corrections Products	Adtec 1101 Electro-Mechanical Lock - Sole Source by Court Order No.	
Company (CPC)	2023-402-05-15 Cell locks are currently only used in Adult Detention	
	Center Cluster 1 and 3.	
Tech Works	Preferred Manufacturer for boards and power supplies to replace	
	existing Dukane Intercom System at all Collin County Detention	
	Facilities.	
Building Finishes		
Manufacturer	Purpose	
Armstrong	2' x 4' x 5/8" 755BN Fissured Square lay in and 704 Fissured square	
	edge lay tile.	
Sherwin Williams	Paint colors: Tony Taupe (paint code #SW7038/b1a290) and	
	Accessible Beige (paint code #SW7036.	
Tandus	Color/type: Aftermath II Carpet Tiles.	
DI II E		
Plumbing Fixtures		
Manufacturer	Purpose	
Sloan	Flush Valves - Equipment is competitive	
Delta	T&S Commercial Grade Fixtures – Equipment is competitive	
Building Hardware		
Manufacturer	Purpose	
Sargent	Preferred Manufacturer. For panic exit devices on exterior double	
	doors with electronic badge reader locking devices	
Best	Electric and non-electric Mortise and Cylindrical locks. Preferred by Department.	
Best SFIC Cylinders	In order to accept 7 pin cylinders currently in use.	
Norton & LCN	Preferred Equipment is Competitive. With kush door stop or equal.	
Hinges	If using continuous hinges, they must have serviceable cutouts.	

Preferred Service Providers

Security System		
Service Provider	Purpose	
Allied Universal/ Securadyne Systems Intermediate LLC	Programming of security system used with badge readers.	
CML Security	Programming, service and integration for electronic security systems to include door control, communications and video surveillance, touchscreens in the Collin County Detention Center.	
Radio Systems, I.T.		
Service Provider	Purpose	
Motorola	Radio systems and equipment. Sole Source by Court Order No. 97-815-11-24
