Re: Acceptance of Park Blvd

Through a subdivision plat filed for record on September 3, 2003 (copy attached), Wylie Independent School District dedicated the right of way of Park Blvd to the public. As the location was within the extra territorial jurisdiction of the City of St, Paul, the city approved the plat. Since the road was outside of the city limits St. Paul did not accept the roadway for maintenance, and Collin County never did so either. In effect no entity has been maintaining the roadway. The location is as shown on the attached map.

In the near future, the County will be contracting for the construction of a new section of Park Blvd., as is also shown on the attached map. The right of way will be dedicated to the public and the roadway will be maintained by the County. As such staff feels that it is appropriate to officially accept the western portion of Park Blvd. into the county system at this time.

Staff requests Court approval to accept Park Blvd from Westgate to Parker, a distance of approximately 2,050 ft., into Collin County maintenance.

Should you have any questions please let me know and I will respond accordingly.

Thank you.
