RE: Amendment to Contract with Columbia Ultimate, Inc. for RevQ Software Products and Services

Approval for an amendment to the contract with Columbia Ultimate, Inc. for RevQ Software Products and Services. The amendment includes upgrading the current database with new functionality including sending text message reminders and skip tracing.

RevQ is the County Clerk's Court Collections database, which is used to create payment plans for defendants who are unable to pay court costs, fines and fees in full. The database also tracks payment due dates, payment reminders, phone calls to defendants and payments received.

Costs for the upgrade were approved during the FY 2024 budget process.
