Benefits to County and Citizens

The purpose of the RLSS/LPHS funds is to support efforts by local health departments in addressing public health issues, including those related to Tuberculosis (TB). The objective to be achieved in using the RLSS/LPHS funds is that the TB Program will be able to provide directly observed therapy (DOT) and Video Observed Therapy (VOT) to patients at their home, work, and at our clinic setting. By providing DOT and VOT services, CCHCS is striving to reduce the spread of TB, which is a communicable disease spread through the air.
