Re: FY24 Maintenance Renewal Authorization

At the request of the Purchasing Department, Information Technology is requesting Commissioner Court to authorize a renewal of the Palo Alto firewall support agreement. The Palo Alto firewalls are part of the layered cyber-security strategy. The systems monitor network traffic and provide threat protection and URL filtering on the CCPUBLIC and VPN networks. The FY24 renewal is budgeted as part of the non-departmental budget request. The cost of this renewal is \$178,625.13.
