RE: Firm Rates Increase February 21, 2024

Dear Collin County,

The firm is increasing its public sector billing rate for attorneys to \$305 an hour, effective February 21, 2024. The firm has not increased its billing rates since 2020.

We strive to keep our rates low for our public sector clients; the increase in our rates has been necessitated by an increase in costs. If you have any questions, please email or call Julia or Catherine.

Very truly yours,

Julia Gannaway
