Re: FY24 Disaster Recovery Project

Information Technology is requesting Commissioner Court to authorize the acquisition of server and storage equipment for the disaster recovery site. This equipment will provide high availability fail over services for county databases should access to the data center environment be lost. Funding for the \$110,754.43 purchase, awarded to Waypoint, will come from the remaining funds allocated to the Disaster Recovery Project and a re-allocation of \$8,084.72 from unused funds in the End Point Detection and Hardware Refresh project.

Project BDS06102 funding:	\$102,669.71
End Point Detection and Hardware Refresh project:	\$ 8,084.72
