Re: Hunt County ILA/CR698 Reconstruction

County Road 698 is an asphalt road which traverses part of Collin and Hunt counties south of US Hwy 380. PW staff has been monitoring the road and performing minor repairs the last few years because it has exhibited signs of pavement distress since its last reconstruction in 2012.

Recognizing the need for a full rehabilitation, PW staff contacted Hunt County officials to gauge their interest in cooperating with a reconstruction project. Hunt County was receptive and both parties agreed to divide the cost consistent with jurisdictional boundaries. The proportional project costs are as follows:

Collin County	\$124,478.42
Hunt County	\$49,149.83
Total	\$173,628.25

The cost details may be viewed on the attached ILA. Public Works will facilitate this project with County equipment and labor. Once complete, Collin County will invoice Hunt County who will remit the agreed upon amount to the Treasury. Public Works requests Commissioners Court consideration and approval to authorize an Inter-Local Agreement with Hunt County to facilitate the reconstruction of CR698.

If you have any questions, please do not hesitate to contact me and I will respond accordingly.
