SOLICITATION #	IFB 9200 JRH1052REBID
PROCUREMENT SPECIALIST	John Hilbun

Special Instructions: Offerors must use this Pricing Submittal Sheet to submit pricing. Be advised that altering the Pricing Submittal Sheet or taking exceptions to any portion of the solicitation may jeopardize acceptance of your Offer.

The quantities noted below are estimates and not a guarantee of actual volume. The City does not guarantee the purchase of the quantities listed, actual purchases may be more or less. Quantities are provided as a guide based on historical or anticipated usage. Order quantities will be as-needed and specified by the City for each order.

A bid of "0" (zero) will be interpreted by the City as a no-charge (free) item and the City will not expect to pay for that item. A bid of "no bid" or no response (space left blank) will be interpreted by the City that the Offeror does not wish to bid on that item. Be advised, a "no bid" or no response may be considered as non-responsive and may result in disqualification of the bid. Prices being submitted shall include ALL discounts, cost, handling and shipping charges (FOB Destination).

Prices offered on the Pricing Submittal Sheet shall be all inclusive of fees not expressly allowed in the scope of work. The Offeror shall not charge separately for administrative, overhead, per diem, and shipping or transportation costs (travel time, fuel surcharges, mileage, stop-fee, etc.) to deliver services or items to the Austin, Texas area. The Offeror shall provide all tools, labor, travel, and equipment necessary to perform the services required under this contract.

The City reserves the right to award a single contract based on overall low cost or multiple awards based on individual or categories/groups of specific line items, cost, or any criteria or combination deemed most advantageous to the City. The Annual Estimated Units column is the number of individual units the City estimates it will order per year. * The Current Packaging and Current/Preferred Packaging column is for informational purposes only, showing how the City prefers each line item to be packaged. For example, on line item 1.1, the City expects to order 700,000 individual units, in packages of 100 units. For line item 1.3, the City expects to order 20 individual units, packaged per each. Offeror shall bid on quantities in the Estimated Annual Units column. The City recommends package sizes that are similar to current/preferred package sizes.

Equivalents are allowed in Category 1 but not in Category 2. If bidding an equivalent, Bidder shall provide the manufacturer name, model name, detail (if needed), and packaging for each item (if packaging is different from information in the Current/Preferred Packaging column). The City will make the final determination that bid items are equivalents. *The Proposed Packaging column should be used ONLY if your company does not provide the item in exact packaging indicated in the Current/Preferred Packaging column.
