I. Retention of the Consultant

The County hereby agrees to retain the Consultant to perform services in connection with the Project; Consultant agrees to perform such services in accordance with the terms and conditions of this Agreement, exercising the same degree of care, skill, and diligence as is ordinarily possessed and exercised by a member of the same profession, currently practicing, under similar circumstances.

II. Scope of Services

Should such circumstances occur, the Consultant shall, within a reasonable time of being prevented from

performing, give written notice to the County describing the circumstances preventing continued performance and the efforts being made to resume performance of this Agreement.

3.2 In the event that the Consultant is delayed in the progress of the work on the Project by an act or neglect of the County, County's employees, separate contractors employed by the County, by changes ordered in the Project, fire, adverse weather conditions not reasonably anticipated, unavoidable casualties or other causes beyond the Consultant's control, delay authorized by the County pending arbitration, or by other causes which the County and Consultant agree may justify delay, then the Contract Time shall be reasonably extended by Change Order. The County shall have the right at any time to delay or suspend the work or any part thereof for any reasonable time, and if this happens, the Consultant's sole remedy for any delays or suspension shall be an extension of time. The County shall not be independently liable to the Consultant for any delay or interference caused by circumstances beyond the County's control or any delay caused by any other person or entity.

IV. Compensation and Method of Payment

The parties agree that Consultant shall be compensated for all services provided pursuant to this Agreement in the amount and manner described and set forth in the Payment Schedule attached hereto as Exhibit "B" and thereby made a part of this Agreement. 5.2 The County will make its facilities accessible to the Consultant as required for the Consultant's performance of its services. The Consultant represents that it understands the scope of this Agreement and has reviewed and inspected the Project site, and can fully perform its obligations pursuant to this Agreement. Any failure of the Consultant to acquaint itself with the available information will not relieve the Consultant from its responsibilities pursuant to this Agreement.

VI. Insurance

Consultant agrees to meet all insurance requirements as set forth on Exhibit "D" which is attached hereto and thereby made a part of this Agreement.

VII. Indemnity

7.1 The Consultant agrees to the fullest extent permitted by law, to indemnify and hold harmless the County and its officers, agents and employees of and from damages, injuries (including death), claims, property damages (including loss of use), losses, demands, suits, judgments and costs, including reasonable attorney's fees and expenses, arising out of or occasioned by Consultant's breach of any of the terms or provisions of this Agreement, or by any other negligent act, error or omission of the Consultant, its agents, servants, employees, subcontractors, licensees, invitees, or any other persons or entities for whose acts the Consultant is legally liable. These indemnity requirements shall be limited to the extent of compensation provided to Consultant under this Agreement and those liabilities not caused by the act, error or omission of the County.

7.2 In claims against any person or entity indemnified under this Section 7.1 by an employee of the Consultant, anyone directly or indirectly employed by the Consultant or anyone for whose acts the Consultant may be liable, the indemnification obligation under this Section 7.1 shall not be limited by a limitation on the amount or type of damages, compensation or benefits payable by or for the Consultant under workers' compensation acts, disability benefit acts or other employee benefit acts.

7.3 The Consultant must be in compliance with the provisions of Section 2254.0031 of the Texas Government Code, which incorporates by reference Section 271.904(d) of the Texas Local Government Code. The Consultant shall perform services (1) with professional skill and care ordinarily provided by competent Consultants practicing under the same or similar circumstances and professional license, and (2) as expeditiously as is prudent considering the ordinary professional skill and care of a competent Consultant.

IX. Assignment and Subletting

The Consultant agrees that neither this Agreement nor the services to be performed hereunder will be assigned or sublet without the prior written consent of the County. The Consultant further agrees that the assignment or subletting of any portion or feature of the services required in the performance of this Agreement shall not relieve the Consultant from its full obligations to the County as provided by this Agreement. For the purposes of this agreement, the County consents to the subcontracting of Services by the Consultant. All other requirements of Section IX will continue to apply, and in addition, Consultant agrees to favorably satisfy any dispute with subcontractors and hereby releases the County from any liability, including but not limited to payments, involving such disputes to the extent the dispute or liability is not caused by the act, error or omission of the County.

10.2 The Consultant agrees that it is aware of the conflict of interest requirements of the state law, which are applicable to persons entering into contracts with the County and will abide by the same. Further, a lawful representative of Consultant shall execute the Affidavit shown in Exhibit "E". Consultant understands and agrees that the existence of a prohibited interest during the term of this Agreement will render the agreement voidable.

10.3 The Consultant acknowledges to the County that it has made full disclosure in writing of any existing conflicts of interest or potential conflicts of interest, including personal financial interest, direct or indirect, in property abutting the proposed Project and business relationships with persons or entities with interest in abutting properties.

XI. Contract Termination

The parties agree that County shall have the right to terminate this Agreement without cause upon thirty (30) days written notice to Consultant. In the event of such termination without cause, Consultant shall deliver to County all finished or unfinished documents, data, studies, surveys, drawings, maps, models, reports, photographs or other items prepared by Consultant in connection with this Agreement. Consultant shall have the right to terminate this Agreement upon thirty (30) days written notice to County in the event of the County's breach of any material term of this Agreement, including but not limited to compensation and method of payment. SCOPE OF SERVICES

Restoration of Collin County Parkhill Prairie, The Nature Conservancy

Collin County's Parkhill Prairie is a rural public park operated under the county's Parks and Open Spaces program. TNC assisted with acquisition of the property in the late 1980s and led grassland restoration on a portion in early 1990s. The 436-acre property protects a 52-acre prairie remnant and two 25-acre restoration areas. Parkhill Prairie drains into Arnold Creek, western border of the site, and is located just upstream of a reservoir providing drinking water to more than 1 million residents, Lake Lavon. Over the last two decades, TNC has been contracted by Collin County to maintain the grasslands portions of the property. The Park is open daily to the public, has two TNC-maintained walking trails through the prairie, fishing ponds, several pavilions, and restroom facilities. Additionally, visitors are drawn to wildflower displays and wildlife viewing opportunities, occasional outdoor nature-based classes are held onsite by various educational organizations, and a number of scientific research projects have been conducted in the Park's prairie.

Once spanning 12 million acres, the Blackland Prairie ecoregion of Texas now contains less than 0.1% in virgin, unplowed condition. Remaining remnant prairie patches are small in size with most less than 100-acres. Parkhill Prairie is located very nearby to TNC's Clymer Meadow Preserve (750-acre prairie, 1,450-acre site) and Countyline Prairie Preserve (25-acre prairie, 40-acre site). Connectivity between high quality sites such as these is critical to maintaining intrinsic ecological diversity found within these very rare and fragile grassland communities.

During the 2023 calendar year, and for the next succeeding years, the following tasks will be undertaken by Consultant as needed:

- Brush management by mechanical and/or chemical means to ensure prairie grassland health;
- Control of exotic invasive species, including tall fescue, Johnsongrass, scabiosa, and others, by mechanical and/or chemical means;
- Preparations for periodic prescribed fire treatments to reduce woody cover and thatch buildup, stimulate germination, and to improve nutrient availability for prairie grassland maintenance (with any prescribed burns to be conducted being subject to separate agreement);
- Supervision of mowing and removal of vegetation (haycutting);
- Restoration activities including harvesting and/or purchase of seed materials, preparation of seedbeds in selected areas, and planting native seed to enhance local plant community;
- Ecological monitoring and scientific surveys of vegetation, hydrologic function, and other ecological processes to inform adaptive management.
