

Equipment Rebate Voucher Application with EECBG

Recipient Information:

Recipient Name: Collin County

Are you planning to team with other entities in planning and use of your EECBG Program funds?

No

EECS Strategy and Goal:

Does your local government have existing energy efficiency and conservation or related goals?

No

No, our government does not have an existing goal, but we are selecting the following goal as part of our strategy.

Reduce energy use by 50% by 2050 or sooner.

Please briefly describe your strategy to achieve your goals:

The county will continue to identify and implement energy savings projects and programs. The county seeks to reach the goal through cumulative energy savings through an incremental approach.

EECS: EECBG Program Activities:

Are you planning to use an EECBG Program Blueprint?

No

We plan to apply our EECBG Program funds to the following categories of work:

Energy efficiency retrofits

Energy efficiency retrofits:

Municipal

How will your use of funds help your unit of government meet its strategy/goals?

The funds will help the county procure and retrofit existing fluorescent light bulbs to LED to conserve energy through efficient lightning.

Provide a brief description of your project:

Project includes replacement of all existing fluorescent bulbs to LED at the County Administration Building and the Court House Parking Lot light poles.

EECS: Optional Section:

Do you have a plan to collaborate with other eligible units of government?

No

Are you planning to partner with other organizations including utilities, energy industry and financial companies, community-based organizations, labor unions, and other non-profit organizations for your project?

No

Have you engaged local stakeholders in the development of your plan and/or how you intend to use your EECBG Program allocation?

No

Will this EECBG Program funding help you to access additional sources of funding?

No

Would you like assistance in identifying other sources of funding?

No

Do you anticipate needing support for your project development/implementation?

No

Do you anticipate the project(s) you use this funding for will continue after the EECBG Program funding project?

Yes

Describe how the project(s) have been designed to ensure that it sustains benefits beyond the EECBG Program funding period:

The LED retrofit bulbs have a life span of 20 years which will benefit the County's energy conservation well beyond the EECBG funding period.

Project Information:

The following sectors will be served by the equipment installed as part of this rebate application:

Local Government

This equipment rebate will cover the following EECBG Program eligible activity categories:

Energy Efficiency Retrofit Grants for Government Agencies

Does this equipment rebate project serve disadvantaged communities:

No
