Re: Award of 2024-436 QSFP Transceiver Modules to support the Cisco EOL Router Replacement Program.

The Collin County Information Technology department requests approval to award the 2024-436 QSFP Transceiver Module bid to CDWG. These devices provide the optical to copper interface required to connect newly acquired Cisco routers to the network and are part of the End of Life Router Replacement Program. The quote submitted by CDW Government LLC. is the lowest cost submission.
