The Engineering Department requests Commissioners' Court authorization to advertise for bids to construct the Park Boulevard Extension Project from Parker Rd. (FM 2514) to Spring Creek (approximately 2.7 miles).

Our engineer estimates that construction will take 30 months to complete at an approximate cost of \$44,200,000.

If approved, we anticipate a contract will be awarded February of 2025, construction will begin May of 2025, with an estimated completion late Fall of 2027.

Funds for construction are available for this project.

**Recommended Action:** It is requested that the Commissioners Court authorize the advertisement for bids to construct the Park Boulevard Extension Project from Parker Rd. (FM 2514) to Spring Creek.
