RE: Amendment to the Quest Diagnostics Agreement for Laboratory Services

Health Care Services requests Commissioners Court consideration and approval for the amendment to the Quest Diagnostics agreement (Agreement No. 2017-277) to increase the price per T-SPOT laboratory test to \$65.00 each, add the Quantum Portal service, and add one label writer.

The portal service will allow the Employee Health Clinic to manage lab test orders, lab results, and scheduling specimen collection online rather than manually. The price increase will allow for the continuation of laboratory testing uninterrupted in Employee Health. Sufficient funding is available in the existing Employee Health budget for the price increase if a standard number of pre-employment physicals occur during FY24.
