Dear Collin County Property Owner:

The Collin County Rural Addressing Office is proposing to change the following road name in your area, for consistent 9-1-1 addressing:

County Road 537 will be renamed and re-addressed as **LONE TREE RD**

This effort, in coordination with the City of Nevada, the Nevada Fire Department, the Collin County Sheriff's Office, and the Nevada Post Office is intended to facilitate both 9-1-1 emergency response and mail delivery.

The Rural Addressing Office will make this request on the Collin County Commissioners Court agenda for **January 27, 2025** (the scheduled court date is subject to change – for the latest agenda notice, go online to www.co.collin.tx.us/commissioners_court/commcourt_agenda.jsp).

As a vacant property, no address is assigned at Willis Rogers Survey Abstract 748, Tract 93 at this time.

This letter is to verify that this property does not currently have 9-1-1 addressing. The legal description will locate the property.

When you are ready to put a structure on the property, please apply online for a County Development Permit at the Citizen Self-Service portal: <https://www.collincountytx.gov/Services/Engineering/Development-Services>.

Property deeds are not affected by a change in address - even though the deed may reference a physical address, the legal description is the permanent property identifier.

If you have any questions, please call the GIS / 9-1-1 Rural Addressing office at 972-548-4797.

Sincerely,

Ramona Luster
