**RE:** Consent to apply for a grant from the Office of the Governor for Specialty Courts

The Collin County Adult Mental Health Court (AMHC) seeks to apply for a grant from the Office of the Governor for Specialty Courts. The requested funding of \$505,999.00, which requires no matching contribution, will support the continued operations of the established Adult Mental Health Court program. This program delivers comprehensive case management, community-based mental health treatment, and supportive services to individuals enrolled in the program. In collaboration with LifePath Systems, the county's designated behavioral health service provider for individuals with mental illness and intellectual disabilities, the grant will fund critical services during a one year grant period to enhance outcomes for program participants.
