Subject: Collin County Healthcare Facility, Parking Garage, and Medical Examiners
Request for Change (PCO) No. 031; RFI #112 Metal Panel in Lieu of Glass at HCB Entrances

Dear Kristina:

Please find the attached PCO No. 031. This proposal is submitted for a Add of Nine Thousand and Eight Hundred and Nineteen Dollars (\$9,819), reflective of the following items:

- Per RFI #112 response.
- Healthcare Facility
 - o Deduct for spandrel G3 glass at HCB South, North, and West entrances.
 - o Add for metal panel at HCB South, North, and West entrances to match existing Admin building.
- This PCO will be an add to the contract in the amount of \$9,819.

We have not proceeded with this change pending approval of this PCO. Please sign the attached request for change recap indicating approval of this change.

Sincerely,

Jim Terhune

Question

Question from Aaron Capetillo The Christman Company (DFW) on Thursday, Jan 23, 2025 at 02:17 PM CST

It was brought up during the OAC meeting on 1/16/25 that a pricing exercise is requested to be done regarding the curtain wall glazing (G3) exterior material. Please use this RFI to capture and confirm the requested changes to be priced. Below are some examples of questions that will need to be confirmed/clarified for accurate pricing:

- 1. Please provide a basis of design specific detail for the revised glazing material. The drawings currently show those glazing panels to be full height, but the existing administration building has the full height material sectioned in half.
- Please clarify and confirm any material properties that will need to be captured i.e. thermal/insulation properties, energy compliance, etc.
- 3. Please capture and confirm if there are any changes to the building signage adhesion/attachment components.

Official Response

Response from Bryan Smith PGAL on Friday, Feb 28, 2025 at 03:25 PM CST

The County has chosen to move forward with insulated metal panel in lieu of the glass for the curtains wall entrances.

- 1. GlazeGuard 1000 WR+ carried by Citadel Architectural Products
- 2. All thermal properties need to be equal to, or above that of the originally specified glazing.
- 3. The adhesive will work on both glass and metal panel so there is no change for signage components.
