Details of Current Situation:

The Collin County Sheriff's Office Criminal Investigative Division (CID) is seeking the necessary cash match to fund a Family Violence Victim Advocate position through a recurring BJA grant. This grant represents a unique chance to provide critical services to survivors of family violence in our community. However, in order to continue this grant an annual cash match is required.

Family violence continues to be a significant issue in our community, with many survivors lacking the resources, support, or advocacy they need to escape cycles of abuse and begin rebuilding their lives. Our Family Violence Victim Advocate directly addresses this gap by providing survivors with the professional assistance they need to navigate complex legal, medical, and social systems. This position ensures victims receive timely support, information and guidance, empowering them to make informed decisions and find pathways to safety.

In FY 2024 the Victim Advocate served 295 victims who represented 320 different types of victimization. These included 234 assaultive or domestic incidents and 86 harassment, sexual assault, arson, burglary, elder abuse, kidnapping, survivors of homicide, and impeding breath/circulation family violence victims.

This grant currently funds 80% of the victim advocates position. However, as part of the funding requirements, a cash match of 20% is necessary. By committing to this cash match, we are able to secure the full amount of the grant, effectively maximizing this resource to support the advocate position and, in turn, the victims of family violence. The value of this cash match extends well beyond the monetary contribution; it is a demonstration of our commitment to this cause and our community's wellbeing.

Detailed Description of Request (exactly what are the funds to be used for):

The requested cash match is a strategic investment that will yield significant, long-term benefits for our organization and community. By funding this position, we are not only providing immediate relief to survivors but also creating a sustainable support system that will continue to grow and evolve with the needs of those affected by family violence. The Victim Advocate will provide invaluable services such as safety planning, legal advocacy, and referrals to community resources, all of which have a proven track record of reducing recidivism, improving victim outcomes, and enhancing overall community safety.

Funding this position and securing the grant will also strengthen our relationships with key community partners, such as law enforcement services, legal services, and social service agencies. The Victim Advocate will be a central figure in connecting survivors to these services, fostering a more collaborative, coordinated response to family violence. This collaborative approach not only enhances victim safety but also contributes to the overall effectiveness of our response to family violence.

By approving the cash match funding, you will be demonstrating leadership and a strong commitment to addressing family violence within our community. This position will not only provide direct support to victims but will also send a clear message to the community that we prioritize the safety, dignity, and rights of survivors. Investing in this position is an investment in the long-term health and safety of our community as a whole.

Details of Current Situation:

The CCSO Investigations Division requests movement of the 2 Federal Urban Area Security Initiative (UASI) funded Analysts, who oversee the North Texas Fusion Center (NTFC), and convert to County-budgeted positions. The NTFC serves over 5.6 million residents, including 1.5 million K-12 and college students, 750 law enforcement, first responder, and emergency management agencies throughout Collin County and across the NTFC's 13 County Area of Responsibility (AOR). The NTFC investigates threats related to terrorism, domestic violent extremism, active shooters, and threats to critical infrastructure. Recent changes indicate grant funds will be unavailable in FY 2026, the NTFC will be forced to close. This will create an immediate and cataclysmic degradation of regional security, and a reduction in safety for Collin County citizens.

Detailed Description of Request (exactly what are the funds to be used for):

Transfer of existing UASI grant analysts from a dissolving grant funding source to budgeted billets when UASI funding expires.

Has the Sheriff received any official notification that these grants will not be renewed?			• The SO's FY26 budget request includes a request for two research analysts (557) for the fusion center, at a total of \$281,266 (salary and benefits). The federal gov't almost certainly will not fund FY26 Urban Area Security Initiative (UASI) grants in time to fund the Fusion Center's staff in FY26, and the County should not rely on UASI to fund these positions in FY26. Although Congress appropriated \$3.2 billion to FEMA on March 15, FEMA has not provided FY26 grant guidance or preliminary funding amounts as of June 3. This is inconsistent with FEMA's past administration of UASI grants.		
			In addition, the President ordered DHS to try to block the access of so-called sanctuary jurisdiction to federal funds. FEMA is a DHS component. On Apr. 28, the President ordered executive agencies to identify federal funds, including grants and contracts, to sanctuary jurisdictions for suspension or termination. Although the AG Ken Paxton announced an investigation into the City of Dallas for noncompliance with immigration law, DHS included no jurisdictions in Texas on its list published on May 29, and DHS removed the list by June 1. In a May 16 email, NCTCOG notified the UASI working group that the OOG still had not received a notice of funding opportunity for the Homeland Security Grant Program by the mid-May deadline. Although NCTCOG hoped to receive a NOFO in the near future, the reality is that FEMA hasn't issued one as of June 3. This fact alone shows that FEMA will not fund FY26 UASI grants in time to fund the fusion center's two analysts for next year.		
			Moreover, on May 13, 20 states sued FEMA and DHS over their administration of several grant programs, including the Homeland Security Grant Program and the UASI Program. Although a central part of their claims involve an unwillingness to cooperate with federal immigration enforcement efforts in a way that SB 4 (2017) in Texas prevents, this lawsuit is further reason to believe that FY26 UASI funds will likely be delayed. In fact, the plaintiff states include some of UASI's biggest recipients, including California, Massachusetts, New Jersey, New York, and Washington (substantial harbors) and if FEMA started distributing funds to other states but not to the plaintiff states, then this would expose FEMA to charges of differential treatment.		
			Though the SO and other members of the UASI area have already submitted their grant proposals through the grant portal, the lack of updated criteria shows that FEMA will not fund FY26 grants in time for next year. The Administration's larger reorganization of FEMA with emphasis on new policy goals raises the possibility that DHS or FEMA will reduce any grant funding. If Texas's UASI funds shifted to the Texas State Homeland Security Protection (SHSP) Program, then these funds would be unavailable to pay fusion center salaries. In 2025, the NCTCOG amended its bylaws to prohibit the use of SHSP funds for salaries.		
			Every delay compounds the risk. Even if FEMA funded UASI for FY26, the money will not arrive in time to pay analyst salaries for FY26 in real time (even if reimbursement is possible). Per County policy, any grant-funded positions become defunded positions the moment those dollars run out. In our case, that would result in shuttering of the fusion center.		
			<u>This would not be a small setback but an existential threat to a critical public safety resource that has served our community and the broader</u>

Jessica,

In its FY26 budget request, the SO asked for funding for two positions, Research Analyst (557), for a total of \$281,266 (salary and benefits). The analysts work in the North Texas Fusion Center. UASI grant funds have supported these positions in the past, and the SO asks to fund them with county budget money starting in FY26. We now have confirmation that the federal government will not fund the UASI grant program for FY26.

On May 22, the House passed a version of HR 1, One Big Beautiful Bill Act, and title 6 addressed homeland security. Section 6006 addressed the Homeland Security Grant Program (HSGP), and it would have appropriated security funds for the 2026 FIFA World Cup, security funds for the 2028 Olympics, and \$450 million for Operation Stonegarden through Sept. 30, 2029.

The House version would not have appropriated money to the UASI grant program by name. To be clear, the HSGP program, 6 U.S.C. § 605, is distinct from the UASI grant program, 6 U.S.C. § 604.

On July 1, the Senate passed an amended version of HR 1, and title 9 addressed homeland security. Section 90005 addressed the HSGP program, and it would have appropriated security funds for FIFA World Cup, the Olympics, and \$450 million for Operation Stonegarden.

On July 3, the House approved an amended Senate version of OBBB Act.

On July 4, the President signed the enrolled version, and it became Pub. L. No. 119-21. In the enrolled bill, title 9 addresses homeland security. Section 90005 appropriated funds to FEMA (who administers both the HSGP and UASI grant programs), including funds for the HSGP program, security funds for 2026 FIFA World Cup and the 2028 Olympics, and \$450 million for Operation Stonegarden (a border security grant program).

Like the House and Senate versions, the enrolled OBBB Act did not appropriate money to the UASI grant program by name.

Compare the text of an appropriations bill from 2024 with the text of the OBBB Act. In Pub. L. No. 118-47, Congress appropriated just under \$3.5 billion to FEMA with allocations of \$468 million for the State Homeland Security Grant Program (HSGP), of which \$81 million was for Operation Stonegarden, and \$553.5 million for the UASI program.¹ That is, the 2024 bill listed HSGP, Operation Stonegarden, and UASI by name. In contrast, the OBBB Act appropriates money to FEMA for the HSGP program and Operation Stonegarden by name, but it doesn't list UASI's name.

In sum, Congress did not appropriate money for the UASI grant program for FY26.

SEC. 90004. BORDER SECURITY, TECHNOLOGY, AND SCREENING.

(a) **IN GENERAL.**—In addition to amounts otherwise available, there is appropriated to the Commissioner of U.S. Customs and Border Protection for fiscal year 2025, out of any money in the Treasury not otherwise appropriated, to remain available until September 30, 2029, \$6,168,000,000 for the following:

(1) Procurement and integration of new nonintrusive inspection equipment and associated civil works, including artificial intelligence, machine learning, and other innovative technologies, as well as other mission support, to combat the entry or exit of illicit narcotics at ports of entry and along the southwest, northern, and maritime borders.

(2) Air and Marine operations' upgrading and procurement of new platforms for rapid air and marine response capabilities.

(3) Upgrades and procurement of border surveillance technologies along the southwest, northern, and maritime borders.

(4) Necessary expenses, including the deployment of technology, relating to the biometric entry and exit system under section 7208 of the Intelligence Reform and Terrorism Prevention Act of 2004 (8 U.S.C. 1365b).

(5) Screening persons entering or exiting the United States.

(6) Initial screenings of unaccompanied alien children (as defined in section 462(g) of the Homeland Security Act of 2002 (6 U.S.C. 279(g))), consistent with the William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008 (Public Law 110-457; 122 Stat. 5044).

(7) Enhancing border security by combating drug trafficking, including fentanyl and its precursor chemicals, at the southwest, northern, and maritime borders.

(8) Commemorating efforts and events related to border security.

(b) **RESTRICTIONS.**—None of the funds made available under subsection (a) may be used for the procurement or deployment of surveillance towers along the southwest border and northern border that have not been tested and accepted by U.S. Customs and Border Protection to deliver autonomous capabilities.

(c) **DEFINITION OF AUTONOMOUS.**—In this section, with respect to capabilities, the term "autonomous" means a system designed to apply artificial intelligence, machine learning, computer vision, or other algorithms to accurately detect, identify, classify, and track items of interest in real time such that the system can make operational adjustments without the active engagement of personnel or continuous human command or control.

SEC. 90005. STATE AND LOCAL ASSISTANCE.

(a) **STATE HOMELAND SECURITY GRANT PROGRAMS.**—

(1) **IN GENERAL.**—In addition to amounts otherwise available, there is appropriated to the Administrator of the Federal Emergency Management Agency for fiscal year 2025, out of any money in the Treasury not otherwise appropriated, to remain available until September 30, 2029, to be administered under the State Homeland Security Grant Program authorized under section 2004 of the Homeland Security Act of 2002 (6 U.S.C. 605), to enhance State, local, and Tribal security through grants, contracts, cooperative agreements, and other activities—

(A) \$500,000,000 for State and local capabilities to detect, identify, track, or monitor threats from unmanned aircraft systems (as such term is defined in section 44801 of title 49, United States Code), consistent with titles 18 and 49 of the United States Code;

(B) \$625,000,000 for security and other costs related to the 2026 FIFA World Cup;

(C) \$1,000,000,000 for security, planning, and other costs related to the 2028 Olympics; and

(D) \$450,000,000 for the Operation Stonegarden Grant Program.

(2) **TERMS AND CONDITIONS.**—None of the funds made available under subparagraph (B) or (C) of paragraph (1) shall be subject to the requirements of section 2004(e)(1) or section 2008(a)(12) of the Homeland Security Act of 2002 (6 U.S.C. 605(e)(1), 609(a)(12)).

(b) **STATE BORDER SECURITY REINFORCEMENT FUND.**—

(1) **ESTABLISHMENT.**—There is established, in the Department of Homeland Security, a fund to be known as the “State Border Security Reinforcement Fund.”

(2) **PURPOSES.**—The Secretary of Homeland Security shall use amounts appropriated or otherwise made available for the Fund for grants to eligible States and units of local government for any of the following purposes:

(A) Construction or installation of a border wall, border fencing or other barrier, or buoys along the southern border of the United States, which may include planning, procurement of materials, and personnel costs related to such construction or installation.

(B) Any work necessary to prepare the ground at or near land borders to allow construction and maintenance of a border wall or other barrier fencing.

(C) Detection and interdiction of illicit substances and aliens who have unlawfully entered the United States and have committed a crime under Federal, State, or local law, and transfer or referral of such aliens to the Department of Homeland Security as provided by law.

(D) Relocation of aliens who are unlawfully present in the United States from small population centers to other domestic locations.

(3) **APPROPRIATION.**—In addition to amounts otherwise available for the purposes described in paragraph (2), there is appropriated for fiscal year 2025, out of any money in the Treasury not otherwise appropriated, to the Department of Homeland Security for the State Border Security Reinforcement Fund established by paragraph (1), \$10,000,000,000, to remain available until September 30, 2034, for qualified expenses for such purposes.

(4) **ELIGIBILITY.**—The Secretary of Homeland Security may provide grants from the fund established by paragraph (1) to State agencies and units of local governments for expenditures made for completed, ongoing, or new activities, in accordance with law, that occurred on or after January 20, 2021.

(5) **APPLICATION.**—Each State desiring to apply for a grant under this subsection shall submit an application to the Secretary containing such information in support of the application as the Secretary may require. The Secretary shall require that
