Re: Approval to purchase wireless earpiece

I request Commissioners Court approval to purchase a Motorola NTN2570 Mission Critical Wireless Earpiece – APX for the 469th District Court Bailiff.

No new funds are requested for the purchase of this. I intend to reduce spending and allocate funds from office supplies, library books, and printed materials to allow for the purchase of this item from the existing 469th District Court department budget. Please contact me with any questions.

Respectfully,

This is something that would need court approval on since it is not an adopted item. You would want to create an agenda item and attach a signed memo from the judge as well as the quote.

Please let me know if you have any questions!
