Re: Princeton ISD ILA/CR 728 Reconstruction

County Road 728 is an asphalt road that traverses from CR 392 to FM 546, where there are two schools that heavily utilize this road. PW staff has contacted the PISD administration to gauge their interest in participating in the reconstruction of county road 728. The PISD administration was receptive to the project, and has agreed to participate and contribute monetarily to an upgraded pavement surface adjacent to the two schools on county road 728.

The cost details may be viewed on the attached ILA. Public Works will facilitate the project via contractor. Upon completion, Collin County will invoice PISD who will remit the agreed upon amount to the Treasury. Public Works requests Commissioners Court consideration and approval to authorize an Inter-Local Agreement with PISD to facilitate the reconstruction of county road 728.

Should you require additional information, please contact me and I will respond accordingly.
