Sir,

The Sheriff's Office has partnered with OUR Rescue in the past in the ongoing fight against child exploitation. The most notable example of this partnership is the specialty K9 currently assigned to the Child Exploitation Unit (CEU).

OUR Rescue has now approached us with a unique opportunity to further enhance the CEU's capabilities by funding a *Basic Computer Forensic Examiner Training* conducted by the International Association of Computer Investigative Specialists (IACIS). The donation, valued at \$7,300, would cover all course fees and associated travel expenses.

In a time when we must be purposeful with every tax dollar we spend, it is important to identify creative opportunities that strengthen our operational capacity without increasing cost. The ability to obtain this level of training at no expense to the county represents a significant benefit and aligns with our mission.

Since this is a donation, I am unsure whether court approval is required; however, at a minimum, the attached Memorandum of Understanding (MOU) would need to be completed.

Registration for the training opens October 6th.

I recommend approval.

Respectfully,

Andrew Hatch, Captain

By accepting the Donation, you agree that the Donation will be provided to police units charged with investigating human trafficking/child exploitation related offenses and will be used for that purpose. Upon request by Our Rescue, Receiving LEA agrees to provide documentation showing that the Donation was used for the agreed purpose.

Acceptance of any Our Rescue support shall not create any requirements or obligations by Receiving LEA except for those specifically stated in the preceding paragraphs.
