2. **General Discussion Items:**

**Presentation, discussion and any action regarding:**

a. AI-59092 Public Hearing - Collin County Regional Trails Master Plan, Engineering.

Tracy Homfeld, Assistant Director of Engineering, said the County contracted with Halff and Associates to update the 2012 Regional Trails Master Plan after a year of collaboration with citizens, cities, agencies, and the Parks Foundation Advisory Board, which endorsed the draft on October 9. She then introduced Kendall Howard with Halff and Associates to present the summary. (Time: 1:35 p.m.)

Kendall Howard, Halff and Associates, presented the Regional Trails Master Plan update noting that it reflects Collin County's rapid growth, with total trail mileage increasing by 130% since 2012 to over 600 miles. She explained that the 15 month planning process documented completed and planned trails, assessed feasibility amid ongoing development, and strengthened intercity connectivity. Ms. Howard added that public input included two community meetings, more than 1,000 survey responses, and collaboration among 18 communities. She further stated the plan establishes the four guiding principles of connect, coordinate, invest, and prioritize, and defines a Regional Trail System composed of long corridors, community trails, and 24 key connection points, seven of which are already partially complete. (Time: 1:41 p.m.)

Judge Hill recessed the meeting at 1:41 p.m. and reconvened at 1:47 p.m.

Ms. Howard continued the presentation noting that cities were urged to update local plans, coordinate data sharing with NCTCOG (North Central Texas Council on Governments) and agencies like TxDOT (Texas Department of Transportation) and DART (Dallas Area Rapid Transit), and align with regional efforts. She stated the Parks Foundation Advisory Board would oversee funding coordination while new evaluation criteria would help prioritize projects that close key gaps, enhance safety, and connect community destinations. Ms. Howard noted the full draft included technical data, engagement summaries, and connection profiles. (1:51 p.m.)

Ms. Homfeld explained that the Parks Advisory Board uses the Master Trail Plan each year when reviewing applications, similar to how transportation bond projects must align with the thoroughfare plan. She said smaller cities also benefit from the plan, as it provides public input documentation they can use to apply for outside grant funding. (Time: 1:52 p.m.)

Judge Hill opened the Public Hearing at 1:52 p.m. and asked for comments. Hearing none, Judge Hill closed the Public Hearing at 1:52 p.m. Judge Hill asked for any discussion from the Court.

Commissioner Webb commended the Engineering Department and Parks Foundation Advisory Board for their work. He emphasized that having a regional trail system was a key goal of the RTC (Regional Transportation Council) and encouraged Ms. Homfeld and Ms. Howard to coordinate with the RTC to pursue grants supporting key connection points and further development of the regional trail network across the Metroplex. (Time: 1:53 p.m.)

Judge Hill noted that the draft plan was an impressive, information-rich document. He said that once approved, it would be posted on the County website for public access and commended everyone involved for their excellent work. (Time: 1:54 p.m.)

Commissioner Hale said that with the recent opening of the Outerloop, many cyclists had complained about losing the long route they had used while the road was closed. He suggested considering space for a trail alongside the loop in future plans, adding that there was ample right-of-way available to accommodate it. (Time: 1:55 p.m.)

A motion was made to approve the item as presented. (Time: 1:55 p.m.)

Motion by: Commissioner Duncan Webb  
Second by: Commissioner Cheryl Williams  
Vote: 5-0 Passed

**COURT ORDER NO. 2025-1231-11-10**

### 3. Executive Session Items:

The Court did not recess into Executive Session.

#### **Public Comments not related to an item on the Agenda.**

Judy Dishong, Plano, shared her concerns about long Election Day lines, limited access to ballot information, and the need for better voter education. She questioned how essential services and schools would be funded amid property tax reductions and state limitations. (Time: 1:59 p.m.)

Dorothy Smith, Plano, expressed concerns regarding the use of paper ballots, noting that the small font and textured voting booths made them difficult to mark, particularly for seniors or individuals with tremors or arthritis. She stated that the current system is inefficient and frustrating, describing it as a step backward from the previous voting machines. Ms. Smith urged a return to the older, more user-friendly machines. (Time: 2:02 p.m.)

Barbara Isaacs, Fairview, asked the Court to pause any approvals for the development formerly known as Epic City, now The Meadow, until Attorney General Ken Paxton's investigations into Community Capital Partners are complete. She referenced the 2007–2008 Holy Land Foundation trial and recommended the Court's review of the Muslim Brotherhood's Explanatory Memorandum, noting its summary by Frank Gaffney, to understand the organization's intentions in the United States. (Time: 2:05 p.m.)

Lee Moore, Fairview, asked the Court to thoroughly review The Meadow, formerly Epic City, citing concerns over potential legal violations, conflicts between Sharia law and the United States Constitution, foreign funding, and the possible bypassing of oversight through MUDs (Municipal Utility Districts) and nonprofit organizations. She asked that the Court delay approval of the project until investigations by Attorney General Ken Paxton and the State Securities Board are complete. Ms. Moore also called for careful evaluation of the project's infrastructure, services, and long-term impacts, and expressed her support for the continued use of paper ballots. (Time: 2:08 p.m.)

There being no further business of the Court, Judge Hill adjourned the meeting at 2:09 p.m.
