I. GRANTEE RESPONSIBILITIES

- A.** Grantee shall perform activities in support of the Public Health Emergency Preparedness (“PHEP”) Cooperative Agreement between the Centers for Disease Control and Prevention (“CDC”) and the Department of State Health Services (“System Agency”) to advance public health emergency preparedness.
- B.** Grantee shall perform the activities required under this Contract in the following cities, counties, or groups of counties (cumulatively, Grantee’s “Jurisdiction”): Collin County.
- C.** Grantee shall provide System Agency with situational awareness data generated through interoperable networks of electronic data systems.
- D.** Grantee shall coordinate with System Agency program staff to develop a preparedness activity plan for the Grantee’s Jurisdiction. At minimum, the Grantee shall ensure the following public health emergency preparedness capabilities are all addressed in their workplan over by FY29:
 - 1. Capability 1 – Community preparedness is the ability of communities to prepare for, withstand, and recover from public health incidents in both the short-term and long-term.
 - 2. Capability 2 – Community recovery is the ability of communities to identify critical assets, facilities, and other services within public health, emergency management, health care, human services, mental/behavioral health, and environmental health sectors that can guide and prioritize recovery operations.
 - 3. Capability 3 – Emergency operations coordination is the ability to coordinate with emergency management and to direct and support an incident or event with public health or health care implications by establishing a standardized, scalable system of oversight, organization, and supervision that is consistent with jurisdictional standards and practices and the National Incident Management System (“NIMS”).
 - 4. Capability 4 – Emergency public information and warning is the ability to develop, coordinate, and disseminate information, alerts, warnings, and notifications to the public and incident management personnel.
 - 5. Capability 5 – Fatality management is the ability to coordinate with partner organizations and agencies to provide fatality management services to ensure the proper recovery and preservation of remains; identification of the deceased; determination of cause and manner of death; release of remains to an authorized individual; and provision of mental/behavioral health assistance for the grieving. The role also may include supporting activities for the identification, collection, documentation, retrieval, and transportation of human remains, personal effects, and evidence to the examination location or incident morgue.
 - 6. Capability 6 – Information sharing is the ability to conduct multijurisdictional and multidisciplinary exchange of health-related information and situational awareness data among federal, state, local, tribal, and territorial levels of government and the private sector. This capability includes the routine sharing of information, as well as the issuing of public health alerts to all levels of government and the private sector in preparation for, and in response to, events or incidents of public health significance.

7. Capability 7 – Mass care is the ability of public health agencies to coordinate with and support partner agencies to address, within a congregate location (excluding shelter-in-place locations), the public health, health care, mental/behavioral health, and human services needs of those impacted by an incident. This capability includes coordinating ongoing surveillance and public health assessments to ensure that health needs continue to be met as the incident evolves.
8. Capability 8 – Medical countermeasure dispensing and administration is the ability to provide medical countermeasures to targeted population(s) to prevent, mitigate, or treat the adverse health effects of a public health incident, according to public health guidelines. This capability focuses on dispensing and administering medical countermeasures, such as vaccines, antiviral drugs, antibiotics, and antitoxins.
9. Capability 9 – Medical materiel management and distribution is the ability to acquire, manage, transport, and track medical materiel during a public health incident or event and the ability to recover and account for unused medical materiel, such as pharmaceuticals, vaccines, gloves, masks, ventilators, or medical equipment after an incident.
10. Capability 10 – Medical surge is the ability to provide adequate medical evaluation and care during events that exceed the limits of the normal medical infrastructure of an affected community. It encompasses the ability of the health care system to endure a hazard impact, maintain or rapidly recover operations that were compromised, and support the delivery of medical care and associated public health services, including disease surveillance, epidemiological inquiry, laboratory diagnostic services, and environmental health assessments.
11. Capability 11 – Non-pharmaceutical interventions are actions that people and communities can take to help slow the spread of illness or reduce the adverse impact of public health emergencies. This capability focuses on communities, community partners, and stakeholders recommending and implementing non-pharmaceutical interventions in response to the needs of an incident, event, or threat. Non-pharmaceutical interventions may include isolation; quarantine; restrictions on movement and travel advisories or warnings; social distancing; external decontamination; hygiene; and precautionary protective behaviors.
12. Capability 12 – Public health laboratory testing is the ability to implement and perform methods to detect, characterize, and confirm public health threats. It also includes the ability to report timely data, provide investigative support, and use partnerships to address actual or potential exposure to threat agents in multiple matrices, including clinical specimens, and food, water, and other environmental samples. This capability supports passive and active surveillance when preparing for, responding to, and recovering from biological, chemical, and radiological (if a Radiological Laboratory Response Network is established) public health threats and emergencies.
13. Capability 13 – Public health surveillance and epidemiological investigation is the ability to create, maintain, support, and strengthen routine surveillance and detection systems and epidemiological investigation processes. CDC released the Public Health Response Readiness Framework that defines excellence in response operations. The Grantee shall be knowledgeable of these items and ensure the items are addressed throughout the deliverables:

 9. Advance capacity and capability of public health laboratories – to characterize emerging public health threats through testing and surveillance.
 10. Prioritize community recovery efforts – to support health department reconstitution and incorporate lessons learned from public health emergency responses.
- F.** Grantee shall match funds awarded under this Grant Agreement with costs or third-party contributions that are not paid by the federal government under another award, except where authorized by federal statute to be used for cost-sharing or matching. The non-federal contributions ("match") may be provided directly or through donations from public or private entities and may be in cash or in-kind donations, fairly evaluated, including plant, equipment, or services. The costs that the Grantee incurs in fulfilling the matching or cost-sharing requirement are subject to the same requirements, including the cost principles, that apply to the use of federal funds, including prior approval requirements and other rules for allowable costs as described in 45 Code of Federal Regulations (CFR) 74.23 and 45 CFR 92.24, as amended.

Grantee shall provide matching funds in the amount of ten percent (10%) of the DSHS Direct Costs and Indirect Costs amount as outlined in **ATTACHMENT B.1, FY2026 BUDGET**. "Cash match" is defined as an expenditure of cash by the Grantee on allowable costs under this Grant Agreement that are borne by the Grantee. "In-kind match" is defined as the dollar value of non-cash contributions by a third party given in goods, commodities, or services that are used in activities that benefit this Grant Agreement's project, and that are contributed by non-federal third parties without charge to the Grantee. The criteria for a match must:

1. Be an allowable cost under the applicable federal cost principle;
2. Be necessary and reasonable for the efficient accomplishment of project or program objectives;
3. Be verifiable within the Grantee's (or subgrantee's) records;

5. Not be included as contributions toward any other federally assisted project or program (match can count only once);
6. Not be paid by the federal government under another award, except where authorized by federal statute to be used for cost-sharing or match;
7. Conform to other provisions of governing circulars/statutes/regulations as applicable for the Contract;
8. Be adequately documented;
9. Follow procedures for generally accepted accounting practices as well as meet audit requirements; and
10. Value the in-kind contributions reported and be supported by documentation reflecting the use of goods and/or services during the Grant Agreement term.

G. Grantee shall in the event of a public health emergency involving a portion of the state, mobilize and dispatch staff or equipment purchased with funds from previous PHEP cooperative agreements, and not currently performing critical duties in the Grantee's Jurisdiction, to the affected area of the state upon receipt of a written request from System Agency.

H. Grantee shall, in the event of a local, state, or federal incident, emergency or disaster, have the option to request from DSHS the United States Department of Health and Human Services (HHS) emPower Individual Data Set (hereinafter, the "CMS data") for PHEP services. To access CMS data, Grantee shall submit to DSHS a written request that describes how the CMS data will be used to perform emergency planning for identifying, and/or conducting outreach to at-risk Medicare beneficiaries to ensure they have the necessary medical resources and assistance throughout and during recovery from the incident, emergency or disaster. DSHS reserves the right to request additional information from Grantee. DSHS will review Grantee's request and provide a written approval or denial.

Grantee's access to and use of the CMS data and any derivative data is provided to allow Grantee to perform specified and DSHS-approved public health activities under the Contract.

When accessing the CMS data or derivative data, Grantee shall:

1. Ensure Confidential Information is handled in compliance with the HHS Data Use Agreement and the Centers for Medicare and Medicaid Services Data Use Agreement and any associated DUA Addendum;

Such protections shall include, but not be limited to measures that prevent unauthorized use or access to or use of such data, logon protocols and passwords for electronic access to such data, encryption of such data at rest and in transit, permanent deletion of internet histories when using third party

- resources, and redaction of information when fully identifiable information is not required, and the use of sufficient overwriting to ensure permanent deletion of electronic copies of such data or the physical destruction of such data in accordance with terms of this section;
 3. Only utilize CMS data and derivative data to perform public health activities and only for the purposes specifically requested and approved by DSHS and not for any other purpose;
 4. Ensure CMS data or derivative data is not entered into any type of registry, unless approved in writing by DSHS;
 5. Destroy all source data and derivative data within 30 calendar days from the date of disclosure. In the event the incident, emergency, or disaster extends past the 30 calendar days, Grantee may request a 30-day extension to continue the response and outreach by submitting a written request to DSHS with justification for the continued use of the data. Grantee shall submit written attestation to DSHS certifying that destruction of all data was completed;
 6. Ensure Grantee staff who have access to CMS data or any derivative data complete HIPPA training prior to accessing any data set. Grantee shall produce evidence of completed training to DSHS upon request;
 7. Ensure Grantee staff who have access to CMS data or any derivative data obtain role-based access to the CMS data or any derivative data; and
 8. Attest that each staff member accessing the CMS data does not have a criminal background or disqualifying criminal history record information or is not otherwise prohibited from accessing the CMS data as set forth in state or federal law or rule, including CMS requirements.
- I.** Grantee shall coordinate activities and response plans within Grantee’s Jurisdiction with the state, regional, and other local jurisdictions, among local agencies, and with hospitals and major health care entities, jurisdictional Metropolitan Medical Response Systems, and Councils of Government.
- J.** Grantee shall inform System Agency in writing if Grantee will not continue performance under this Grant Agreement within thirty (30) calendar days of receipt of System Agency’s notification of an amended standard(s) or guideline(s). In such event, System Agency may terminate this Grant Agreement immediately or within a reasonable period of time, as determined by System Agency.
- K.** Grantee shall develop, implement, and maintain a timekeeping system for accurately documenting staff time and salary expenditures for all staff funded through this Grant Agreement, including partial full-time employees and temporary staff.
- L.** Grantee shall complete and submit programmatic reports as directed by DSHS in a format specified by DSHS and as needed to satisfy information-sharing requirements set forth in Texas Government Code Sections 421.071 and 421.072(b and c), as amended. Grantee must provide DSHS other reports, including financial reports, that DSHS determines necessary to accomplish the objectives of this Contract and to monitor compliance.
- M.** Grantee shall conduct all exercises and training in accordance with Homeland Security Exercise Evaluation Program (“HSEEP”) guidance. Have plans, processes, and training in place to meet NIMS compliance requirements.

- N. Grantee shall, when using volunteers during the Grant Agreement term, designate a Texas Disaster Volunteer Registry (“TDVR”) State Emergency System for the Advanced Registration of Volunteer Health Professionals (“ESAR-VHP”) System Administrator, participate in required administrator trainings, and utilize the system to identify volunteers.
- O. Grantee shall coordinate all planning, training, and exercises performed under this Grant Agreement with other Local Health Entities, the Texas Division of Emergency Management (“TDEM”), or other points of contact at the discretion of System Agency, to ensure consistency and coordination of requirements at the local level and eliminate duplication of effort between the various domestic preparedness funding sources in the state.

Grantee shall provide evidence of insurance as required under this Contract, including a schedule of coverage or underwriter's schedules establishing to the satisfaction of the System Agency the nature and extent of coverage granted by each such policy, upon request by the System Agency. In the event that any policy is determined by the System Agency to be deficient to comply with the terms of this Contract, Grantee shall secure such additional policies or coverage as the System Agency may reasonably request or that are required by law or regulation. If coverage expires during the term of this Contract, Grantee must produce renewal certificates for each type of coverage. In addition, if required by System Agency, Grantee must obtain and have on file a blanket fidelity bond that indemnifies System Agency against the loss or theft of any grant funds, including applicable matching funds. At Grantee's sole expense, Grantee shall procure and maintain for the duration of this Grant Agreement any state, county, city, or federal license, authorization, insurance, waiver, permit, qualification or certification required by statute, ordinance, law, or regulation to be held by Grantee to provide the goods or services required by this Grant Agreement. 11.10 INDEPENDENT CONTRACTOR

Grantee and Grantee's employees, representatives, agents, Subcontractors, suppliers, and third-party service providers shall serve as independent contractors in providing the services under the Grant Agreement. Neither Grantee nor System Agency is an agent of the other and neither may make any commitments on the other party's behalf. The Grantee is not a "governmental body" solely by virtue of this Grant Agreement or receipt of grant funds under this Grant Agreement. Grantee shall have no claim against System Agency for vacation pay, sick leave, retirement benefits, social security, worker's compensation, health or disability benefits, unemployment insurance benefits, or employee benefits of any kind. The Grant Agreement shall not create any joint venture, partnership, agency, or employment relationship between Grantee and System Agency.

The Grant Agreement shall be governed by and construed in accordance with the laws of the State of Texas, without regard to the conflicts of law provisions. The venue of any suit

arising under the Grant Agreement is fixed in any court of competent jurisdiction of Travis County, Texas, unless the specific venue is otherwise identified in a statute which directly names or otherwise identifies its applicability to the System Agency.

11.12 SEVERABILITY

If any provision contained in this Grant Agreement is held to be unenforceable by a court of law or equity, such construction will not affect the legality, validity, or enforceability of any other provision or provisions of this Grant Agreement. It is the intent and agreement of the Parties this Grant Agreement shall be deemed amended by modifying such provision to the extent necessary to render it valid, legal and enforceable while preserving its intent or, if such modification is not possible, by substituting another provision that is valid, legal and enforceable and that achieves the same objective. All other provisions of this Grant Agreement will continue in full force and effect.

11.13 SURVIVABILITY

Expiration or termination of the Grant Agreement for any reason does not release Grantee from any liability or obligation set forth in the Grant Agreement that is expressly stated to survive any such expiration or termination, that by its nature would be intended to be applicable following any such expiration or termination, or that is necessary to fulfill the essential purpose of the Grant Agreement, including without limitation the provisions regarding return of grant funds, audit requirements, records retention, public information, warranty, indemnification, confidentiality, and rights and remedies upon termination.

11.14 FORCE MAJEURE

Neither Grantee nor System Agency shall be liable to the other for any delay in, or failure of performance, of any requirement included in the Grant Agreement caused by force majeure. The existence of such causes of delay or failure shall extend the period of performance until after the causes of delay or failure have been removed provided the non-performing party exercises all reasonable due diligence to perform. Force majeure is defined as acts of God, war, fires, explosions, hurricanes, floods, failure of transportation, or other causes that are beyond the reasonable control of either party and that by exercise of due foresight such party could not reasonably have been expected to avoid, and which, by the exercise of all reasonable due diligence, such party is unable to overcome.

11.15 NO IMPLIED WAIVER OF PROVISIONS

The failure of the System Agency to object to or to take affirmative action with respect to any conduct of the Grantee which is in violation or breach of the terms of the Grant Agreement shall not be construed as a waiver of the violation or breach, or of any future violation or breach.

11.16 FUNDING DISCLAIMERS AND LABELING

- A. Grantee shall not use System Agency's name or refer to System Agency directly or indirectly in any media appearance, public service announcement, or disclosure relating to this Grant Agreement including any promotional material without first obtaining written consent from System Agency. The foregoing prohibition includes, without limitation, the placement of banners, pop-up ads, or other advertisements promoting Grantee's or a third party's products, services, workshops, trainings, or other commercial offerings on any website portal or internet-based service or software application hosted or managed by Grantee. This does not limit the Grantee's responsibility to comply with obligations related to the Texas Public Information Act or Texas Open Meetings Act.

- B. In general, no publication (including websites, reports, projects, etc.) may convey System Agency's recognition or endorsement of the Grantee's project without prior written approval from System Agency. Publications funded in part or wholly by HHS grant funding must include a statement that "HHS and neither any of its components operate, control, are responsible for, or necessarily endorse, this publication (including, without limitation, its content, technical infrastructure, and policies, and any services or tools provided)" at HHS's request.

11.17 MEDIA RELEASES

- A. Grantee shall not use System Agency's name, logo, or other likeness in any press release, marketing material or other announcement without System Agency's prior written approval. System Agency does not endorse any vendor, commodity, or service. Grantee is not authorized to make or participate in any media releases or public announcements pertaining to this Grant Agreement or the Services to which they relate without System Agency's prior written consent, and then only in accordance with explicit written instruction from System Agency.
- B. Grantee may publish, at its sole expense, results of Grantee performance under the Grant Agreement with the System Agency's prior review and approval, which the System Agency may exercise at its sole discretion. Any publication (written, visual, or sound) will acknowledge the support received from the System Agency and any Federal agency, as appropriate.

11.18 PROHIBITION ON NON-COMPETE RESTRICTIONS

Grantee shall not require any employees or Subcontractors to agree to any conditions, such as non-compete clauses or other contractual arrangements, that would limit or restrict such persons or entities from employment or contracting with the State of Texas.

11.19 SOVEREIGN IMMUNITY

Nothing in the Grant Agreement will be construed as a waiver of the System Agency's or the State's sovereign immunity. This Grant Agreement shall not constitute or be construed as a waiver of any of the privileges, rights, defenses, remedies, or immunities available to the System Agency or the State of Texas. The failure to enforce, or any delay in the enforcement, of any privileges, rights, defenses, remedies, or immunities available to the System Agency or the State of Texas under the Grant Agreement or under applicable law shall not constitute a waiver of such privileges, rights, defenses, remedies, or immunities or be considered as a basis for estoppel. System Agency does not waive any privileges, rights, defenses, or immunities available to System Agency by entering into the Grant Agreement or by its conduct prior to or subsequent to entering into the Grant Agreement.

11.20 ENTIRE CONTRACT AND MODIFICATION

The Grant Agreement constitutes the entire agreement of the Parties and is intended as a complete and exclusive statement of the promises, representations, negotiations, discussions, and other agreements that may have been made in connection with the subject matter hereof. Any additional or conflicting terms in any future document incorporated into the Grant Agreement will be harmonized with this Grant Agreement to the extent possible.

11.21 COUNTERPARTS

This Grant Agreement may be executed in any number of counterparts, each of which will be an original, and all such counterparts will together constitute but one and the same Grant Agreement.

11.22 PROPER AUTHORITY

Each Party represents and warrants that the person executing this Grant Agreement on its behalf has full power and authority to enter into this Grant Agreement.

11.23 E-VERIFY PROGRAM

Grantee certifies that it utilizes and will continue to utilize the U.S. Department of Homeland Security's E-Verify system to determine the eligibility of:

- A. all persons employed to perform duties within Texas during the term of the Grant Agreement; and

 - vii. The System Agency's administrative rules, as set forth in the Texas Administrative Code, to the extent applicable to this Grant Agreement.
- B. Grantee agrees to comply with all amendments to the above-referenced laws, and all requirements imposed by the regulations issued pursuant to these laws. These laws provide in part that no persons in the United States may, on the grounds of race, color, national origin, sex, age, disability, political beliefs, or religion, be excluded from participation in or denied any aid, care, service or other benefits provided by Federal or State funding, or otherwise be subjected to discrimination.
- C. Grantee agrees to comply with Title VI of the Civil Rights Act of 1964, and its implementing regulations at 45 C.F.R. Part 80 or 7 C.F.R. Part 15, prohibiting a contractor from adopting and implementing policies and procedures that exclude or have the effect of excluding or limiting the participation of clients in its programs, benefits, or activities on the basis of national origin. State and federal civil rights laws require contractors to provide alternative methods for ensuring access to services for applicants and recipients who cannot express themselves fluently in English. Grantee agrees to take reasonable steps to provide services and information, both orally and in writing, in appropriate languages other than English, in order to ensure that persons with limited English proficiency are effectively informed and can have meaningful access to programs, benefits, and activities.
- D. Grantee agrees to post applicable civil rights posters in areas open to the public informing clients of their civil rights and including contact information for the HHS Civil Rights Office. The posters are available on the HHS website at: <https://hhs.texas.gov/about-hhs/your-rights/civil-rights-office/civil-rights-posters>
- E. Grantee agrees to comply with Executive Order 13279, and its implementing regulations at 45 C.F.R. Part 87 or 7 C.F.R. Part 16. These provide in part that any organization that participates in programs funded by direct financial assistance from the United States Department of Agriculture or the United States Department of Health and Human Services shall not discriminate against a program beneficiary or prospective program beneficiary on the basis of religion or religious belief.

"Threatened litigation" as used herein shall include governmental investigations and civil investigative demands.
