RE: Acceptance of Texas Department of State Health Services (DSHS)
FY2026 Tuberculosis (TB) Federal and State Funds Grant Contract

Collin County Health Care Services is requesting Health Care Board of Trustees acceptance of the Fiscal Year (FY) 2026 Tuberculosis (TB) Prevention and Control contract from the Texas Department of State Health Services.

This routine grant renewal supports reducing the spread of TB, which is a communicable disease spread through the air. The need for TB services in Collin County remains constant and continues to be a critical service provided by the health department.

CCHCS requests acceptance of this grant renewal and for the use of existing Health Care department funds to support the personnel on this grant. For department-required items that are not allowable expenses on the grant, Health Care Services' existing budget has traditionally supported these minimal expenses and no additional funds are needed.

I respectfully request approval for this contract renewal application to ensure the continuation of these critical services and essential positions.
