RE: Legal Representation Issue

Dear Judge Venegoni,

You have continued to maintain that you are suing the Commissioners Court in your official capacity. As I stated in my December 3rd letter, neither the Commissioners Court nor the county administrator has authorized the appointment of an outside attorney to represent you in your official capacity against the County. You will have to submit a formal request to the Commissioners Court for the Commissioners Court to appoint and fund a specific outside attorney. We will put an agenda item for that request on the January 12, 2026 Commissioners Court agenda.

For that January 12, 2026 agenda item discussion, the County is expecting you to personally appear and make the request for an outside counsel (instead of the request coming from your representative, designate, or attorney). Finally, I want to reiterate that you are prohibited from using any county funds to pay your legal expenses against the Commissioners Court.

Thank you.

Sincerely,

Yoon Kim  
County Administrator  
Collin County, Texas
