FROM: Jason Browning, Fire Marshal/Emergency Manager
RE: Debris Management Contracts

Honorable Court,

Last year Collin County awarded CrowderGulf as primary and Ceres as secondary contractors for emergency debris removal. The contracts are subject to one year renewals with this request being the 1st of 4 annual renewals. There is no cost to the County until either contractor is engaged to actually perform work after a debris producing event.

I respectfully ask the Court to consider and approve the renewal of both vendor contracts.
