Re: Tyler Munis API Toolkit

The Collin County Information Technology Department Commissioners Court consideration and approval for the purchase of an application programming interface toolkit from Tyler Technologies specific to the Munis ERP system. This toolkit will enable the IT Department to build custom interfaces with numerous external applications. Current use cases discussed have been the CAAPS system, the Fleet Department's fuel inventory management system, and the incoming Capital Asset Management System. The total year one cost is \$56,262.00 with an annually recurring fee of \$45,462.00. Funding for year one is available from the TI03FIN project fund.
