Grant Description DOJ FY 2026 Assisting Neighborhoods and Governments with Enforcement of Laws (ANGEL) Grant Program is a \$500,000 U.S. Department of Justice (DOJ) grant initiative. It provides state and local governments with funding to combat illegal immigration, specifically covering costs associated with apprehending, detaining, and prosecuting individuals involved in criminal activity, drug trafficking, and human smuggling.			
How Do You Intend to Utilize The Grant Funding The agency is requesting equipment and resources to assist in enforcing criminal offenses related to immigration, human trafficking, gang operations, and drug enforcement.			
How Will This Benefit Collin County The ANGEL grant would significantly strengthen public safety in Collin County by providing the funding needed to obtain vehicles and equipment to assist in identifying, apprehending, detaining, and prosecuting criminal offenders who have committed serious offenses and are unlawfully present in the United States. These actions would also support efforts in combatting drug and human trafficking. The grant funding will offset County costs to provide the necessary equipment, vehicles, and technology the Sheriff's Office needs in order to effectively perform it's law enforcement function within a county of 1.4 million citizens. The grant funding will also reduce the financial burden on county taxpayers by reimbursing expenses that would otherwise be borne locally. The Department named above is applying for the Grant Program named above, and if awarded, will accept full responsibility for the management of any funds awarded to the County under this grant, and will adhere to any policies and procedures set forth by the Grantor and its related agencies or agents, as well as those of the County, and its financial and administrative departments.
